Society in Focus William E. Thompson, Joseph V. Hickey, Mica L. Thompson, 2018-11-13 Society in Focus: An Introduction to Sociology, Ninth Edition, emphasizes how society and social forces affect everything from globalization and international policies to day-to-day activities in our personal lives. In this edition, the authors go beyond the mere questioning of issues to take a closer look at the social world in which we live. They provide an integrated approach that uses sociological thinking to help students analyze and understand key concepts. To focus increased attention on sociological thinking and research methods, they have chosen four key themes: media and technology, globalization, cultural diversity, and trends for the future. Because sociology is about all of us and our daily lives, it is an eminently practical and useful discipline for understanding our social world. This Ninth Edition Includes: • specific student outcomes for each chapter as well as assessment items linked to

those outcomes • new chapter-opening vignettes that give real-life examples illustrating important terms, concepts, and theories included in that chapter • updated data, statistics, maps, charts, boxes, and tables citing the latest research available • examples of the powerful impact of media and technology on society, especially the role social media play in helping to shape and define our daily social lives • new photos and cartoons accompanied by critical-thinking questions that reinforce and illustrate important sociological terms, concepts, and theories

The Faith of Graffiti Norman Mailer, Jon Naar, 2010-09-07 The Faith is the bible of graffiti. It forever captures the place, the time, and the writings of those of us who made it happen. —Snake I In 1973, author Norman Mailer teamed with photographer Jon Naar to produce *The Faith of Graffiti*, a fearless exploration of the birth of the street art movement in New York City. The book coupled Mailer's essay on the origins and importance of graffiti in modern urban culture with Naar's radiant, arresting photographs of the young graffiti writers' work. The result was a powerful, impressionistic account of artistic ferment on the streets of a troubled and changing city—and an iconic documentary record of a critical body of work

now largely lost to history. This new edition of *The Faith of Graffiti*, the first in more than three decades, brings this vibrant work—the seminal document on the origins of street art—to contemporary readers. Photographer Jon Naar has enhanced the original with thirty-two pages of additional photographs that are new to this edition, along with an afterword in which he reflects on the project and the meaning it has taken on in the intervening decades. It stands now, as it did then, as a rich survey of a group of outsider artists and the body of work they created—and a provocative defense of a generation that questioned the bounds of authority over aesthetics.

Subway Christoph Niemann, 2011-06-14 Speed. Color. Sound. Numbers. Maps. Connections. Navigation. Subway systems may be specific to certain cities around the world, but the pure thrill of a subway ride is universal to all young children. Christoph Niemann’s graphically elegant and playful picture book is a tour de force for preschoolers and a stellar addition to the canon of books about trains, trucks, planes, and automobiles. Based on the author’s own underground adventures with his young boys—chronicled for adult readers in Niemann’s New York Times blog, *Abstract City*—this innovative picture book is an invitation down underground, where a system of trains and tracks delivers millions of riders to their destinations each day. “Underneath the city is this beautifully simple system of letters, numbers, and colors. The trains and stations are huge and impressive but also comforting, because nothing ever changes. My boys are in charge; they can read the signs, navigate the grid, and they always know what happens next.”—Christoph Niemann

The Encyclopedia of New York The Editors of New York Magazine, 2020-10-20 The must-have guide to pop culture, history, and world-changing ideas that started in New York City, from the magazine at the center of it all. Since its founding in 1624, New York City has been a place that creates things. What began as a trading post for beaver pelts soon transformed into a hub of technological, social, and cultural innovation—but beyond fostering literal inventions like the elevator (inside Cooper Union in 1853), Q-tips (by Polish immigrant Leo Gerstenzang in 1923), General Tso's chicken (reimagined for American tastes in the 1970s by one of its Hunanese creators), the singles bar (1965 on the Upper East Side), and Scrabble

(1931 in Jackson Heights), the city has given birth to or perfected idioms, forms, and ways of thinking that have changed the world, from Abstract Expressionism to Broadway, baseball to hip-hop, news blogs to neoconservatism to the concept of “downtown.” Those creations and more are all collected in *The Encyclopedia of New York*, an A-to-Z compendium of unexpected origin stories, hidden histories, and useful guides to the greatest city in the world, compiled by the editors of *New York Magazine* (a city invention itself, since 1968) and featuring contributions from Rebecca Traister, Jerry Saltz, Frank Rich, Jonathan Chait, Rhonda Garelick, Kathryn VanArendonk, Christopher Bonanos, and more. Here you will find something fascinating and uniquely New York on every page: a history of the city’s skyline, accompanied by a tour guide’s list of the best things about every observation deck; the development of positive thinking and punk music; appreciations of seltzer and alternate-side-of-the-street parking; the oddest object to be found at Ripley’s Believe It or Not!; musical theater next to muckracking and mugging; and the unbelievable revelation that English muffins were created on...West Twentieth Street. Whether you are a lifelong resident, a curious newcomer, or an armchair traveler, this is the guidebook you’ll need, straight from the people who know New York best.

Count on the Subway Paul DuBois Jacobs, Jennifer Swender, 2014-05-13 1 MetroCard, Momma and me. Down 2 flights—to catch the 3. 4 turnstiles, singers 5. A rumble, a screech . . . the train arrives! This bright, young counting book is a delightful trip through the New York City subway system. Hand in hand, child and mother see colorful subway signs and funny passengers, watch trains screeching by, and make new friends. With bold illustrations and a playful, rhyming text, this is not only a counting book, but also a tribute to New York and a sweet story of a child and parent navigating the city together.
