Dinosaur, Mama Dinosaur and ... a Dinosaur who happened to be visiting from Norway. Of course. One day, purely on a whim, they decided to tidy up their house nice and neat, make their beds up all cosy and comfortable, prepare delicious hot chocolate pudding of varying temperatures, place their chairs just so, and go ... SOMEWHERE ELSE. Let's be clear, they were definitely NOT setting up a trap for some succulent, poorly supervised little girl called Goldilocks who may wander by ... ahem.

The Vital Dead Alison Bell,2023-01-10 This book builds on recent anthropological work to explore the social and cultural dynamics of cemetery practice and its transformation over generations in Virginia's Shenandoah Valley. Anthropologist Alison Bell finds that people are using material culture-images and epitaphs on grave markers, as well as objects they leave on graves-to assert and maintain relationships and fight against alienation. She draws on fieldwork, interviews, archival sources, and disciplinary insights to show how cemeteries both reveal and participate in the grassroots cultural work of crafting social connections, assessing the transcendental durability of the deceased person, and asserting particular cultural values. The book's chapters range across cemetery types, focusing on African American burials, grave sites of institutionalized individuals, and modern community memorials--
