**The Arab Spring and Arab Thaw** John Davis,2016-04-01 What were the unifying principles or strategies that governed the protest movements that swept the Middle East and North Africa in the spring of 2011? Who were the protestors and how did the different authoritarian regimes respond to them? How did regional and international institutions react to a region in turmoil? *The Arab Spring and Arab Thaw; Unfinished Revolutions and the Quest for Democracy* addresses these questions by examining a range of successful and unsuccessful protest strategies and counter revolutionary tactics employed by protestors and autocratic regimes. Contributors explore the reactions of the USA, EU and Arab League to events in the region and provide insight as to the gendered dimensions of the struggle along with the ethnic and tribal divisions that continue to impact the post-revolt period. By addressing these critical queries the book demonstrate how the Arab Spring has evolved into a protracted Arab Thaw that continues to profoundly affect regional and international politics.

**Spring Magic** T.M. Cromer,2018-12-18 What starts as a straightforward magical mission turns deadly. Spring Thorne's life is a mess. The man Spring loves seems to loathe her, family enemies are coming out of the woodwork, and her mother remains in a twenty-year stasis, waiting on ancient artifacts to revive her. When Spring's uncle asks her to retrieve one of the final two objects, she jumps at the chance—until she finds out dear old Uncle Alastair has also recruited Knox Carlyle; the recent bane of her not-so-idyllic existence. Knox Carlyle avoids Spring at all costs. Since the day she became an adult, she's

made it her mission to attract his notice. He refuses to allow himself to love her, believing his dark past eliminates any chance they have to be together. But with every look, every touch, his hard-won determination weakens. With an army of Désorcelers determined to capture or kill witches at every turn, Knox is compelled to protect Spring from her own stubborn tendency to charge into trouble even if it means following her to South America to retrieve a powerful amulet. But when Knox fails to protect Spring, he is forced to go to extremes in order to save the only woman he's ever loved. \* WARNING: While it's not the main theme of this story, this book briefly includes drug addiction, physical abuse, and sexual assault. American Spring Walter R. Borneman,2014-05-06 A vibrant look at the American Revolution's first months, from the author of the bestseller *The Admirals*. When we reflect on our nation's history, the American Revolution can feel almost like a foregone conclusion. In reality, the first weeks and months of 1775 were very tenuous, and a fractured and ragtag group of

colonial militias had to coalesce rapidly to have even the slimmest chance of toppling the mighty British Army. American Spring follows a fledgling nation from Paul Revere's little-known ride of December 1774 and the first shots fired on Lexington Green through the catastrophic Battle of Bunker Hill, culminating with a Virginian named George Washington taking command of colonial forces on July 3, 1775. Focusing on the colorful heroes John Hancock, Samuel Adams, Mercy Otis Warren, Benjamin Franklin, and Patrick Henry, and the ordinary Americans caught up in the revolution, Walter R. Borneman uses newly available sources and research to tell the story of how a decade of discontent erupted into an armed rebellion that forged our nation.
