*Finding the Mother Tree* Suzanne Simard,2021-05-04 NEW YORK TIMES BEST SELLER • From the world's leading forest ecologist who forever changed how people view trees and their connections to one another and to other living things in the forest—a moving, deeply personal journey of discovery Suzanne Simard is a pioneer on the frontier of plant communication and intelligence; her TED talks have been viewed by more than 10 million people worldwide. In this, her first book, now available in paperback, Simard brings us into her world, the intimate world of the trees, in which she brilliantly illuminates the fascinating and vital truths--that trees are not simply the source of timber or pulp, but are a complicated, interdependent circle of life; that forests are social, cooperative creatures connected through underground networks by

which trees communicate their vitality and vulnerabilities with communal lives not that different from our own. Simard writes--in inspiring, illuminating, and accessible ways—how trees, living side by side for hundreds of years, have evolved, how they learn and adapt their behaviors, recognize neighbors, compete and cooperate with one another with sophistication, characteristics ascribed to human intelligence, traits that are the essence of civil societies--and at the center of it all, the Mother Trees: the mysterious, powerful forces that connect and sustain the others that surround them. And Simard writes of her own life, born and raised into a logging world in the rainforests of British Columbia, of her days as a child spent cataloging the trees from the forest and how she came to love and respect them. And as she writes of her scientific quest, she writes of her own journey, making us understand how deeply human scientific inquiry exists beyond data and technology, that it is about understanding who we are and our place in the world.

**Wishtree** Katherine Applegate,2017-09-26 An oak tree and a crow help their neighbors embrace their differences in this beautiful, nuanced, New York Times-bestselling middle-grade novel from Newbery Medalist author Katherine Applegate. Trees can't tell jokes, but they can certainly tell stories. . . . Red is an oak tree who is many rings old. Red is the neighborhood wishtree—people write their wishes on pieces of cloth and tie them to Red's branches. Along with a crow named Bongo and other animals who seek refuge in Red's hollows, this wishtree watches over the neighborhood. You might say Red has seen it all. Until a new family moves in. Not everyone is welcoming, and Red's experience as a wishtree is more important than ever. Funny, deep, warm, and nuanced, this is Katherine Applegate at her very best—writing from the heart,

and from a completely unexpected point of view. This book has Common Core connections.

A New York Times Notable Book A New York Times Book Review Editors’ Choice A Boston Globe and LitHub Best Book of the Year When “The Fourth State of Matter,” her now famous piece about a workplace massacre at the University of Iowa was published in *The New Yorker*, Jo Ann Beard immediately became one of the most influential writers in America, forging a path for a new generation of young authors willing to combine the dexterity of fiction with the rigors of memory and reportage, and in the process extending the range of possibility for the essay form. Now, with *Festival Days*, Beard brings us the culmination of her groundbreaking work. In these nine pieces, she captures both the small, luminous moments of daily existence and those instants when life and death hang in the balance, ranging from the death of a beloved dog to a relentlessly readable account of a New York artist trapped inside a burning building, as well as two triumphant, celebrated pieces of short fiction. Here is an unforgettable collection destined to be embraced and debated by readers and writers, teachers and students. Anchored by the title piece—a searing journey through India that brings into focus questions of mortality and love—*Festival Days* presents Beard at the height of her powers, using her flawless prose to reveal all that is tender and timeless beneath the way we live now.

Set in the 1930s, *The Sound of the Trees* tells the story of Trude Mason, who, seeking to escape a brutal father and a violent past, sets out with his mother on horseback on a grueling journey through the extreme desert and mountainous terrain of southwestern New Mexico. Their destination is Colorado, a place Trude imagines to be abundantly fertile, wild, and free. But along the way, Trude finds himself in the clutches of a small New Mexican border town, once again a victim of brutality and lawlessness, this time in the form of a pitiless sheriff and his posse. When they arrest and sentence to death a young woman whose life Trude has saved, he must face an explosive collision

between conscience and self-preservation. Affecting yet unsentimental, written in piercing, unadorned prose, Robert Gatewood's *The Sound of the Trees* marks the arrival of a vital new literary voice.

**Quivering Daughters** Hillary McFarland,2010-06-30 Homeschooling, large families, Biblical womanhood, and quiverfull - they are all part of the Christian patriarchy movement, which promises parents a legacy of godly children if they adhere to specific Biblical principles. But what happens when families who abandon the world for the Biblical home leave hearts behind, too? For many wives and daughters, the Christian home is not always a safe place. Scripture is used to manipulate. God is used as a weapon. And through spiritual and emotional abuse, women who become the least of these within Biblical patriarchy experience deep wounds that only God can heal. But if living God's way caused this pain, why should they trust Him to heal it? - publisher website.
