**The Arsenal of Exclusion & Inclusion** Interboro Partners, Tobias Armborst, Daniel D'Oca, 2021-06-28 With contributions from over fifty architects, planners, geographers, historians, and journalists, *The Arsenal* offers a wide-ranging view of the forces that shape our cities. Who gets to be where? *The Arsenal of Exclusion & Inclusion* examines some of the policies,

practices, and physical artifacts that have been used by planners, policymakers, developers, real estate brokers, community activists, and other urban actors in the United States to draw, erase, or redraw the lines that divide. The Arsenal inventories these weapons of exclusion and inclusion, describes how they have been used, and speculates about how they might be deployed (or retired) for the sake of more open cities in which more people have access to more places. With contributions from over fifty architects, planners, geographers, historians, and journalists, The Arsenal offers a wide-ranging view of the forces that shape our cities. With contributions from some of the best minds in architecture, such as Julie Behrens, Bill Bishop, Lisa Brawley, Ava Bromberg, Marshall Brown, Common Room, Charles Connerly, Nathan Connolly, Margaret Crawford, Alexander D'Hooghe, Elizabeth Evitts Dickenson, David Freund, Gerald Frug, Vincent James, Jeffrey Johnson, Michael Kubo, Kaja Kuhl, Matthew Lassiter, Amy Lavine, Setha Low, Thomas Oles, Michael Piper, Wendy Plotkin, Jenny Polak, Albert Pope, Mathan Ratinam, Brian Ripel, James Rojas, Theresa Schwarz, Roger Sherman, Susan Sloan, Lior Strahilevitz, Meredith TenHoor, William TenHoor, Thumb Projects (Graphic Design), Stephen Walker and Jennifer Yoos, among others. **The Halloween Moon** Joseph Fink, 2021-07-27 From New York Times bestselling adult author Joseph Fink comes a wickedly fun middle grade novel about a Halloween-obsessed girl named Esther Gold, who goes out trick-or-treating for one last year, only to find her town under the thrall of a mysterious presence. Esther Gold loves Halloween more than anything in the world. So she is determined to go trick-or-treating again this year despite the fact that her parents think she is officially too old. Esther has it all planned out, from her costume to her candy-collecting strategy. But when the night rolls around, something feels . . . off. No one is answering their door. The moon is an unnatural shade of orange. Strange children wander the streets, wearing creepy costumes that might not be costumes at all. And it seems like the only people besides Esther who are awake to see it all are her best friend, her school bully, and her grown-up next-door neighbor. Together, this unlikely crew must find a way to lift the curse that has been placed upon their small town before it's too late. Because someone is out to make sure Halloween never comes to an end. And even Esther doesn't want to be trapped in this night forever.

*Timelines of Terror* Josh Spiegel, 2023-03-17 How did Friday the 13th begin as a movie about a grieving mother killing camp counselors and spawn a movie in which a nanobot enhanced, hockey masked man destroys a space station? Similarly, how did *A Nightmare on Elm Street* evolve from a film by Wes Craven about Freddy Krueger into a film about Wes Craven

making a Freddy Krueger movie? Film series are destined to change with time, but horror film series are often unrecognizable after multiple sequels and reboots. This work examines horror films and their sequels to determine the glue that holds individual franchises together, which films matter to a series' continuity, which should be considered as canon, and what goes into the process of continuing--or, in some cases, abandoning--the overarching storyline. Series covered include Friday the 13th, Halloween, Child's Play, A Nightmare on Elm Street, Leprechaun, and Scream.

**Approaching the Divine** Margaret Loewen Reimer,2018-05-14 Approaching the Divine is a handbook on signs and symbols in the Christian tradition, written from a Mennonite perspective. It provides a window into the meaning behind liturgical practices and art forms developed by the church through the ages. It also explores the seasons of the church year and observances related to special Holy Days in the Christian tradition. Included is a section on more universal signs and tokens, such as numbers and shapes, and some popular expressions of faith. The last section draws on articles and sermons related to the subject of symbols and rituals in the Christian tradition. The book is based on a column entitled Signs and Symbols that appeared in the Mennonite Reporter and later Canadian Mennonite. That material has been expanded and updated for this book, with an introduction to the meaning of symbols within the life of the church and a bibliography of sources and suggestions for further reading. The book is intended as a resource to help individuals and congregations explore the meaning of worship and its artistic expressions. It is written with the hope that it will inspire a greater appreciation for the richness of the Christian tradition and stimulate thinking.

*Samhain* Luke Eastwood,2021-09-03 'An excellent and comprehensive exploration of this fascinating subject.' - Philip Carr-Gomm, author *Druid Mysteries* ' Samhain was the entry point into winter, a time of hardship, cold and hunger ... It was also a time of introspection, of communing with the dead and the otherworld - themes that have somehow survived, albeit distorted, into the modern era.' The modern celebration of Halloween is derived from the ancient festival of the dead known in Ireland as Samhain. It is from Ireland that we have inherited most of our Halloween traditions, mainly through the diaspora. Delving into the ancient past, this book uncovers the history of this festival in Britain, Ireland and Brittany, including the forgotten goddess Tlachtga and the sacred temple of the Druids in Co. Meath, where the first Halloween fires were lit.

*A History of Horror, 2nd Edition* Wheeler Winston Dixon, 2023-02-10 Ever since horror leapt from popular fiction to the silver screen in the late 1890s, viewers have experienced fear and pleasure in exquisite combination. Wheeler Winston Dixon's fully revised and updated *A History of Horror* is still the only book to offer a comprehensive survey of this ever-popular film genre. Arranged by decades, with outliers and franchise films overlapping some years, this one-stop sourcebook unearths the historical origins of characters such as Dracula, Frankenstein, and the Wolfman and their various incarnations in film from the silent era to comedic sequels. In covering the last decade, this new edition includes coverage of the resurgence of the genre, covering the swath of new groundbreaking horror films directed by women, Black and queer horror films, and a new international wave in body horror films. *A History of Horror* explores how the horror film fits into the Hollywood studio system, how the distribution and exhibition of horror films have changed in a post-COVID world, and how its enormous success in American and European culture expanded globally over time. Dixon examines key periods in the horror film-in which the basic precepts of the genre were established, then banished into conveniently reliable and malleable forms, and then, after collapsing into parody, rose again and again to create new levels of intensity and menace. *A History of Horror*, supported by rare stills from classic films, brings over sixty timeless horror films into frightfully clear focus, zooms in on today's top horror Web sites, and champions the stars, directors, and subgenres that make the horror film so exciting and popular with contemporary audiences.
