George disapproves of Emma's idea of creating a matchmaking app, accusing her of meddling in people's lives. But all the happy new couples at school are proof that the app works. At least at first. Emma's code is flawless. So why is it that perfectly matched couples start breaking up, the wrong people keep falling for each other, and Emma's own feelings defy any algorithm?

300 Sandwiches Stephanie Smith, 2015-05-19 “Honey, you are 300 sandwiches away from an engagement ring.” When New York Post writer Stephanie Smith made a turkey and Swiss on white bread for her boyfriend, Eric (aka E), he took one bite and uttered those now-famous words. While her beau’s declaration initially seemed unusual, even antiquated, Stephanie accepted the challenge and got to work. Little did she know she was about to cook up the sexiest and most controversial love story of her generation. 300 Sandwiches is the story of Stephanie and E’s epic journey of bread and betrothal, with a whole loaf of recipes to boot. For Stephanie, a novice in the kitchen, making a sandwich—or even 300—for E wasn’t just about getting a ring; it was her way of saying “I love you” while gaining confidence as a chef. It was about how many breakfast sandwiches they could eat together on future Sunday mornings, how many s’mores might follow family snowboarding trips, how many silly fights would end in makeup sandwiches. Suddenly, she saw a lifetime of happiness between those two slices of bread. Not everyone agreed. The media dubbed E “the Internet’s Worst Boyfriend”; bloggers attacked the loving couple for setting back the cause of women’s rights; opinions about their romance echoed from as far away as Japan. Soon, Stephanie found her cooking and her relationship under the harsh glare of the spotlight. From culinary twists on peanut butter and jelly to “Not Your Mother’s Roast Beef” spicy French Dip to Chicken and Waffle BLTs, Stephanie shares the creations—including wraps, burritos, paninis, and burgers—that ultimately sated E’s palate and won his heart. Part recipe book, part girl-meets-boy memoir, 300 Sandwiches teaches us that true love always wins out—one delicious bite at a time.

There's No Such Thing as Bad Weather Linda Åkeson McGurk, 2017-10-03 Bringing Up Bébé meets Last Child in the Woods in this “fascinating exploration of the importance of the outdoors to childhood development” (Kirkus Reviews) from a Swedish-American mother who sets out to discover if the nature-centric parenting philosophy of her native Scandinavia holds the key to healthier, happier lives for her American children. Could the Scandinavian philosophy of “There’s no such thing as bad weather, only bad clothes” hold the key to happier, healthier lives for American children? When Swedish-born Linda Åkeson McGurk moved to Indiana, she quickly learned that the nature-centric parenting philosophies of her native Scandinavia were not the norm. In Sweden, children play outdoors year-round, regardless of the weather, and letting babies nap outside in freezing temperatures is common and recommended by physicians. Preschoolers spend their days climbing trees, catching frogs, and learning to compost, and environmental education is a key part of the public-school curriculum. In the US, McGurk found the playgrounds deserted, and preschoolers were getting drilled on academics with little time for free play in nature. And when a swimming outing at a nearby creek ended with a fine from a park officer, McGurk realized that the parenting philosophies of her native country and her adopted homeland were worlds apart. Struggling to decide what was best for her family, McGurk embarked on a six-month journey to Sweden with her two daughters to see how their lives would change in a place where spending time in nature is considered essential to a good childhood. Insightful and lively, There’s No Such Thing as Bad Weather is a fascinating personal narrative that illustrates how Scandinavian culture could

hold the key to raising healthy, resilient, and confident children in America.

#NeverAgain David Hogg, Lauren Hogg, 2018-06-19 NEW YORK TIMES BESTSELLER • From two survivors of the Parkland, Florida, shooting comes a declaration for our times, and an in-depth look at the making of the #NeverAgain movement. On February 14, 2018, seventeen-year-old David Hogg and his fourteen-year-old sister, Lauren, went to school at Marjory Stoneman Douglas High School, like any normal Wednesday. That day, of course, the world changed. By the next morning, with seventeen classmates and faculty dead, they had joined the leadership of a movement to save their own lives, and the lives of all other young people in America. It's a leadership position they did not seek, and did not want--but events gave them no choice. The morning after the massacre, David Hogg told CNN: We're children. You guys are the adults. You need to take some action and play a role. Work together. Get over your politics and get something done. This book is a manifesto for the movement begun that day, one that has already changed America--with voices of a new generation that are speaking truth to power, and are determined to succeed where their elders have failed. With moral force and clarity, a new generation has made it clear that problems previously deemed unsolvable due to powerful lobbies and political cowardice will be theirs to solve. Born just after Columbine and raised amid seemingly endless war and routine active shooter drills, this generation now says, Enough. This book is their statement of purpose, and the story of their lives. It is the essential guide to the #NeverAgain movement.
