What Do You Say? William Stixrud, PhD, Ned Johnson, 2022-08-16 A guide to effectively communicating with teenagers by the bestselling authors of *The Self-Driven Child* If you're a parent, you've had a moment--maybe many of them--when you've thought, How did that conversation go so badly? At some point after the sixth grade, the same kid who asked why non-stop at age four suddenly stops talking to you. And the conversations that you wish you could have--ones fueled by your desire to see your kid not just safe and healthy, but passionately engaged--suddenly feel nearly impossible to execute. The good news is that effective communication can be cultivated, learned, and taught. And as you get better at this, so will your kids. William Stixrud, Ph.D., and Ned Johnson have 60 years combined experience talking to kids one-on-one, and the most common question they get when out speaking to parents and educators is: What do you say? While many adults understand

the importance and power of the philosophies behind the books that dominate the parenting bestseller list, parents are often left wondering how to put those concepts into action. In *What Do You Say?*, Johnson and Stixrud show how to engage in respectful and effective dialogue, beginning with defining and demonstrating the basic principles of listening and speaking. Then they show new ways to handle specific, thorny topics of the sort that usually end in parent/kid standoffs: delivering constructive feedback to kids; discussing boundaries around technology; explaining sleep and their brains; the anxiety of current events; and family problem-solving. *What Do You Say?* is a manual and map that will immediately transform parents' ability to navigate complex terrain and train their minds and hearts to communicate ever more successfully.

What Belongs to Caesar? Donald Kaufman, 2006-01-25 Even before American soldiers were involved in fighting in the war in Vietnam, someone observed that the United States government was spending money like a drunken sailor. The years since then have substantiated the truth of that observation. The exorbitant cost of war production and the fantastic waste involved in military spending has prompted more and more citizens to inquire as to just what tax funds are being spent on. Disgruntled taxpayers discover that wars and taxes invariably go together. When governments engage in wars, they immediately levy taxes on the citizens to pay for them. This pattern of taxation is firmly grounded in historical experience. In an effort to see the parallels between our times and earlier times, the author begins his study of the war tax problem by taking a brief look at the history of taxation (both ancient and modern). With this background for perspective he moves on to examine several biblical passages like *Render to Caesar . . .*, which are often used to justify an absolute, unquestioning obedience to governmental demands. Here is a hang-up that frequently paralyzes Christian social concern into helpless indifference. A third section of the book explores three basic arguments against the voluntary payment of war taxes. The appeal and power of these arguments are then demonstrated by reviewing only a few of the ways in which people have attempted to resolve this painful ethical dilemma. The author makes a strong case for a more radical Christian application of what it means to be a conscientious objector to war. He claims that those who are willing to refuse the government their warm bodies but nevertheless volunteer (however reluctantly) their cold cash for war taxes, are failing to make the choice of discipleship where it counts. Instead, the Christian must find in his commitment to God the kind of courage which enables him to say a decisive No! to the unreasonable demands of government, regardless of the consequences to his own life. Nothing less than this will be adequate to confront the evil and potential destructiveness of our giant military-industrial complex.

Robinson,2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Yet these Nones, especially parents, still face prejudice in a culture where religion is widely seen as good for your kids.
