Drawings, Ben Orlin reveals to us what math actually is; its myriad uses, its strange symbols, and the wild leaps of logic and faith that define the usually impenetrable work of the mathematician. Truth and knowledge come in multiple forms: colorful drawings, encouraging jokes, and the stories and insights of an empathetic teacher who believes that math should belong to everyone. Orlin shows us how to think like a mathematician by teaching us a brand-new game of tic-tac-toe, how to understand an economic crises by rolling a pair of dice, and the mathematical headache that ensues when attempting to build a spherical Death Star. Every discussion in the book is illustrated with Orlin's trademark bad drawings, which convey his message and insights with perfect pitch and clarity. With 24 chapters covering topics from the electoral college to human genetics to the reasons not to trust statistics, *Math with Bad Drawings* is a life-changing book for the math-estranged and math-enamored alike.

Parking Lot Rules & 75 Other Ideas for Raising Amazing Children Tom Sturges, 2008-05-06 How do you raise amazing children? How do you teach them to be kind and honest, insightful and inquisitive, athletic and curious, loving and thoughtful? How do you give your child the courage to be a good sport, a good sibling, a good friend, a good person? When Tom Sturges became a father, he wanted to be the greatest father who ever walked the earth. “I wanted to be so much more than a casual observer of my son’s life as it went by me.” So Sturges asked a lot of questions. He picked up ideas, advice, and tips from parents, grandparents, even rock stars and sports legends—anyone who had unique insights to share. The result is this practical, inspiring “rule book” for raising healthy, happy, safe, cherished children. Philosophical, sensible, and empowering, these 76 ideas subscribe to a simple premise: It is impossible to respect a child too much, but it is worth the effort to try. The rules are organized into seven fields, arranged by subject, and will help parents, mentors, coaches, and anyone who has children, to deal with an array of situations in a kind, respectful, and encouraging way. • EVERYDAY: Let your children feel welcome and loved from the first moment he or she walks into a room. “Smile When You See Him” (rule #4) and leave no doubt that, at that moment, your child is the most important person in your world. • COMMUNICATING: Since yelling intimidates, and a calm tone inspires, “When You Get Upset, Whisper” (rule #22) —and make sure your message is heard. • MANNERS MATTERS: Follow “The Bill Walton Rule,” (rule #34) and if you can’t be on time, be early. • NO LOST CHILDREN: When a family or group travels together, obey “The Caboose Rule” (rule #43) by assigning an adult or older child to keep up the rear—and ensure that no little ones lag behind. • DISCIPLINES AND PUNISHMENTS: “The 10-Second Rule” (rule #49) prescribes the minimum amount of time you should wait before thinking about punishing your child for that D in English. • PAIN HAPPENS, NOW WHAT?: After your child experiences a little cut, bump, or scrape, say “Squeeze My Hand as Much as It Hurts” (rule #62); it is remarkable how their being able to “show” you will help to ease his

or her pain. • **PLAY SPORTS, PERIOD:** When your children accomplish something great in their sports, using “The ESPN Rule,” (rule #67) tell the story in intimate detail and fill them with the belief that they can do it again and again.

936 Pennies Eryn Lynum, 2018-02-06 Make the Most of Your Time with Your Children On the day of their baby dedication, Eryn and her husband were given a jar of 936 pennies. The jar contained a penny for every week they would raise their child until graduation, and they were instructed to remove one penny each Sunday as a reminder, placing it into another jar as an investment. At some point every parent realizes time is moving swiftly, and they ask themselves, How am I investing in my child? Through personal stories and biblical examples, *936 Pennies* will help you discover how to capture time and use it to its fullest potential, replacing guilt and regrets with freedom. Meanwhile, your kids will see how simple choices, like putting the cell phone down and going on a family hike, will make all the difference. Together you will stretch time and make it richer. Craft a family legacy in tune with God's heartbeat as you capture a new vision for your children and learn the best ways to spend your pennies.

Miracle At Philadelphia Catherine Drinker Bowen, 1986-09-30 A classic history of the Federal Convention at Philadelphia in 1787, the stormy, dramatic session that produced the most enduring of political documents: the Constitution of the United States. From Catherine Drinker Bowen, noted American biographer and National Book Award winner, comes the canonical account of the Constitutional Convention recommended as required reading for every American. Looked at straight from the records, the Federal Convention is startlingly fresh and new, and Mrs. Bowen evokes it as if the reader were actually there, mingling with the delegates, hearing their arguments, witnessing a dramatic moment in history. Here is the fascinating record of the hot, sultry summer months of debate and decision when ideas clashed and tempers flared. Here is the country as it was then, described by contemporaries, by Berkshire farmers in Massachusetts, by Patrick Henry's Kentucky allies, by French and English travelers. Here, too, are the offstage voices--Thomas Jefferson and Tom Paine and John Adams from Europe. In all, fifty-five men attended; and in spite of the heat, in spite of clashing interests--the big states against the little, the slave states against the anti-slave states--in tension and anxiety that mounted week after week, they wrote out a working plan of government and put their signatures to it.

Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.
