Merry Witchmas Petrell Ozbay, Tess LaBella, 2021-09-21 Ginger the Halloween witch has a big Christmas wish--a visit from Santa Claus. But Santa doesn't believe in witches--until Ginger's letter to him magically appears on his desk! This book is a perfect Christmas gift or stocking stuffer for kids. Ginger spends a lot of her time creating spells, and flying through the night on her broom. But she is different from the other witches -- because she also ADORES Christmas! Even with Ginger's good deeds and endless Christmas cheer, she's never received a single visit from Santa. What's a Christmas-loving Halloween witch supposed to do? In this twist on the Christmas holiday's traditional believe concept, Ginger's wish of a Merry Witchmas comes true thanks to some holiday magic and good cheer.

The Witch's Christmas Norman Bridwell, 1986-10-01 Two children are surprised by the unique way their witch friend celebrates Christmas.

Ancient Ways Pauline Campanelli, Dan Campanelli, 2015-01-08 Pauline and Dan Campanelli's classic companion to *Wheel of the Year* is back for a new generation of readers to enjoy. Celebrate the seasons of the year according to the ancient Pagan traditions. *Ancient Ways* shows how to prepare for and conduct the Sabbat rites, and helps you harness the magickal energy for weeks afterward. The wealth of seasonal rituals and charms within are drawn from ancient sources but are easily performed with readily available materials. Learn how to look into your previous lives at Yule. At Beltane, discover the places where you are most likely to see faeries. Make special jewelry to wear for your Lammass celebrations. For the special animals in your life, paint a charm of protection at Midsummer. Most Pagans feel that the Sabbat rituals are all too brief and wish for the magick to continue. *Ancient Ways* can help you reclaim your own traditions and heighten the feeling of magick all year long. Praise: A delightful, joyous guide to celebrating the seasons and festivals with homespun magic. —Scott Cunningham, author of *Cunningham's Encyclopedia of Magical Herbs* A delightful book that beautifully complements the authors' *Wheel of*

the Year. —Ray Buckland, author of Practical Candleburning Rituals

Argonauts of the Western Pacific Bronisław Malinowski, 2024-02-18 Classic text in a modern e-book form. Download it to your handheld reader today and enjoy reading! [From Preface] My esteemed friend, Dr. B. Malinowski has asked me to write a preface to his book, and I willingly comply with his request, though I can hardly think that any words of mine will add to the value of the remarkable record of anthropological research which he has given us in this volume. My observations, such as they are, will deal partly with the writer's method and partly with the matter of his book. In regard to method, Dr. Malinowski has done his work, as it appears to me, under the best conditions and in the manner calculated to secure the best possible results. Both by theoretical training and by practical experience he was well equipped for the task which he undertook. Of his theoretical training he had given proof in his learned and thoughtful treatise on the family among the aborigines of Australia; of his practical experience he had produced no less satisfactory evidence in his account of the natives of Mailu in New Guinea, based on a residence of six months among them. In the Trobriand Islands, to the east of New Guinea, to which he next turned his attention, Dr. Malinowski lived as a native among the natives for many months together, watching them daily at work and at play, conversing with them in their own tongue, and deriving all his information from the surest sources — personal observation and statements made to him directly by the natives in their own language without the intervention of an interpreter. In this way he has accumulated a large mass of materials, of high scientific value, bearing on the social, religious, and economic or industrial life of the Trobriand Islanders. These he hopes and intends to publish hereafter in full; meantime he has given us in the present volume a preliminary study of an interesting and peculiar feature in Trobriand society, the remarkable system of exchange, only in part economic or commercial, which the islanders maintain among themselves and with the inhabitants of neighbouring islands.

Argonauts of the Western Pacific Bronislaw Malinowski, 2014-04-16 Bronislaw Malinowski's pathbreaking *Argonauts of the Western Pacific* is at once a detailed account of exchange in the Melanesian islands and a manifesto of a modernist anthropology. Malinowski argued that the goal of which the ethnographer should never lose sight is 'to grasp the native's point of view, his relation to life, to realise his vision of his world.' Through vivid evocations of Kula life, including the building and launching of canoes, fishing expeditions and the role of myth and magic amongst the Kula people, Malinowski brilliantly describes an inter-island system of exchange - from gifts from father to son to swapping fish for yams - around which an entire community revolves. A classic of anthropology that did much to establish the primacy of painstaking

fieldwork over the earlier anecdotal reports of travel writers, journalists and missionaries, it is a compelling insight into a world now largely lost from view. With a new foreword by Adam Kuper.

Einstein's Dreams Alan Lightman,2011-03-02 NATIONAL BESTSELLER • A modern classic explores the connections between science and art, the process of creativity, and ultimately the fragility of human existence. “A magical, metaphysical realm ... Captivating, enchanting, delightful.” —The New York Times Einstein’s Dreams is a fictional collage of stories dreamed by Albert Einstein in 1905, about time, relativity and physics. As the defiant but sensitive young genius is creating his theory of relativity, a new conception of time, he imagines many possible worlds. In one, time is circular, so that people are fated to repeat triumphs and failures over and over. In another, there is a place where time stands still, visited by lovers and parents clinging to their children. In another, time is a nightingale, sometimes trapped by a bell jar. Now translated into thirty languages, Einstein’s Dreams has inspired playwrights, dancers, musicians, and painters all over the world. In poetic vignettes, it explores the connections between science and art, the process of creativity, and ultimately the fragility of human existence.

The Song of the Blue Bottle Tree India Hayford,2025-03-25 Disguised by years in exile and a name she found on a gravestone, an unconventional young woman returns to her childhood home in rural 1967 Arkansas in this hauntingly visceral Southern tale of desperate choices, found family, folk magic and noisy ghosts. Genevieve Charbonneau talks to ghosts and has a special relationship with rattlesnakes. In her travels, she’s wandered throughout the South, working in a Louisiana circus and as a hootchy kootch dancer in Texas. Now for the first time in a decade, she’s allowed her winding path to bring her to the site of her grandmother’s Arkansas farmhouse, a place hallowed in her memory. Disguised by years in exile and a name she found on a gravestone, Genevieve intends only to visit briefly and leave. But a chance meeting with a guilt-ridden young Vietnam veteran draws her into more unexpected connections. Her hard-won independence inspires an abused woman and her daughters to find their own path to empowerment, and a hypocritical preacher is brought to a long-deserved reckoning. With undertones of magical realism and dark humor, here is a powerful story of discovering—and

sometimes rediscovering—one's place in the world, and the unexpected challenges and gifts that present themselves along the way.
