Free of Me Sharon Hodde Miller,2017-10-03 We live in a culture that's all about self, becoming the best me I can be instead of becoming like Jesus. This me-centered message affects every area of our lives--our friendships, our marriages, even our faith--and it breaks each one in different ways. The self-focused life robs our joy, shrinks our souls, and is the reason we never quite break free of insecurity. In this book, Sharon Hodde Miller invites us into a bigger, Jesus-centered vision--one that restores our freedom and inspires us to live for more. She helps readers - identify the secret source of insecurity - understand how self-focus sabotages seven areas of our lives - learn four practical steps for focusing on God and others - experience freedom from the burden of self-focus Anyone yearning for a purpose bigger than project me will cherish this paradigm-shifting message of true fulfillment.

An Island Garden Celia Thaxter,2008-11 Celia Loughton Thaxter (1835-1894) was born in Portsmouth, NH. When she was four, her father became the lighthouse keeper on White Island in the Isles of Shoals. After resigning his post eight years later, he built a resort hotel on Appledore Island in Maine. The first of its kind on the New England coast, the hotel became a gathering place for writers and artists during the latter half of the 19th century. In her last year of life, Celia published this work, in which she lovingly describes her Appledore garden and its flowers. The flowers she grew in her cutting garden filled her own rooms and those of the hotel, and this work became famous for its descriptions of the old-fashioned flowers she grew there. Her island garden, a plot that measured 15 feet square, has been re-created and is open to visitors.

Tokachi Millennium Forest Dan Pearson,Midori Shintani,2021-03 Twenty years ago, Dan Pearson was invited to make a garden at the 240- hectare Tokachi Millennium Forest in Hokkaido, Japan. Part of the intention was to entice city dwellers to reconnect with nature and improve land that had been lost to intensive agriculture, and this was achieved along with much more. By tuning into the physical and cultural essence of the place and applying a light touch in terms of cultivation, this world class designer has created a remarkable place which has its heart in Japan's long-held respect for nature and its head in contemporary ecological planting design. The bold, uplifting sweep of the Meadow Garden mixes garden plants with

natives while the undulating landforms of the Earth Garden bring sculptural connection with the mountains beyond. Under the skillful custodianship of Midori Shintani, the garden has evolved beautifully to reflect principles that lie at the heart of Japanese culture: observation of seasonal changes, practical tasks carried out with care and an awareness of the interconnectedness of all living things. This beautiful, instructive book allows us all to experience something of the Tokachi effect, gain expert insights into how to plant gardens that feel right for their location, and reconnect with the land and wildlife that surround us.
