Billy Baldwin Decorates Billy Baldwin, 1972 Billy Baldwin, known as the Dean of American Decorating, is famous for his classical taste, streamlined modernism, and brilliant use of color. He is one of the most important decorators of the twentieth century, whose work has influenced contemporary designers from Bunny Williams to Jeffrey Bilhuber. A native of Baltimore, Baldwin's work caught the eye of eminent New York decorator Ruby Ross Wood. She invited him to join her firm, saying his work stood out like a beacon of light in the boredom of the houses around it. Baldwin's style was a revelation--simultaneously classical and modernist, tailored and clean, yet dramatically colored, and above all American. An enemy of clutter and conspicuous wealth, he favored natural materials and comfortable furniture. In this book, the renowned American decorator suggests ways to give rooms personality and includes photographs and plans that illustrate his imaginative use of color and design

Habitat Lauren Liess, 2015-10-13 "Stunningly simple, this field guide is a survival book for any budding decorator," by "famed DC-based interior designer and blogger of Pure Style Home." (USA Today) Lauren Liess, an interior designer and founder of the popular blog Pure Style Home, fuses her love of design and the great outdoors into all her work. In *Habitat: The Field Guide to Decorating*, Lauren invites readers to bring nature inside by mixing the textures of natural elements such as wood and stone with eclectic groupings of modern and quirky vintage pieces. Readers will be inspired by the unique style of these rooms, which include lovely framed botanical prints and Liess's own textile patterns inspired by wildflowers and weeds. Divided into three sections, *Habitat* shows readers the fundamental elements of design, such as color, lighting, and furniture; addresses the intangibles of designing a space, such as aesthetics and creating a mood; and tackles unique room-specific challenges in every part of the house. "Designer Lauren Liess shares her favorite, not-always-conventional ideas for livening up any space with art." —Country Living "Habitat looks at incorporating natural textures such as wood into your decorating scheme, along with florals, nature inspired textiles and vintage décor." —Real Style Network "Rich with thoughtful advice on how to create livable, comfortable rooms that bring the beauty of the outdoors inside." —Garden & Gun

objects and decor we choose to surround ourselves with tell our family's story. In this, her first book, Blair offers a room-by-room guide to keeping things sane, organized, creative, and stylish. She provides advice on getting the most out of even the smallest spaces; simple fixes that make it easy for little ones to help out around the house; ingenious storage solutions for the never-ending stream of kid stuff; rainy-day DIY projects; and much, much more.

Joyful Ingrid Fetell Lee, 2018-09-04 Make small changes to your surroundings and create extraordinary happiness in your life with groundbreaking research from designer and TED star Ingrid Fetell Lee. Next Big Idea Club selection—chosen by Malcolm Gladwell, Susan Cain, Dan Pink, and Adam Grant as one of the two most groundbreaking new nonfiction reads of the season! This book has the power to change everything! Writing with depth, wit, and insight, Ingrid Fetell Lee shares all you need to know in order to create external environments that give rise to inner joy. —Susan Cain, author of *Quiet* and founder of Quiet Revolution Have you ever wondered why we stop to watch the orange glow that arrives before sunset, or why we flock to see cherry blossoms bloom in spring? Is there a reason that people—regardless of gender, age, culture, or ethnicity—are mesmerized by baby animals, and can't help but smile when they see a burst of confetti or a cluster of colorful balloons? We are often made to feel that the physical world has little or no impact on our inner joy. Increasingly, experts urge us to find balance and calm by looking inward—through mindfulness or meditation—and muting the outside world. But what if the natural vibrancy of our surroundings is actually our most renewable and easily accessible source of joy? In *Joyful*, designer Ingrid Fetell Lee explores how the seemingly mundane spaces and objects we interact with every day have surprising and powerful effects on our mood. Drawing on insights from neuroscience and psychology, she explains why one setting makes us feel anxious or competitive, while another fosters acceptance and delight—and, most importantly, she reveals how we can harness the power of our surroundings to live fuller, healthier, and truly joyful lives.

The Less Is More Garden Susan Morrison, 2018-02-07 “Big ideas for your small garden.” —Garden Design When it comes to gardens, bigger isn't always better, and *The Less Is More Garden* shows you how to take advantage of every square foot of space. Room Emma Donoghue, 2023-04-06 In this deeply moving and life-affirming tale, a mother must nurture her five-year-old son through an unfathomable situation with only the power of their imagination and their boundless capacity to love. Written for the stage by Academy Award® nominee Emma Donoghue, this unique theatrical adaptation featuring songs and music by Kathryn Joseph and director Cora Bissett takes audiences on a richly emotional journey told through ingenious stagecraft, powerhouse performances, and heart-stopping storytelling. Room reaffirms our belief in humanity and the astounding resilience of the human spirit. This updated and revised edition was published to coincide with the Broadway premiere in Spring 2023.

The Transformers Andreas Graesser, 2020-08-27 The Transformers is all about Simplification and the Digital Enterprise. The story takes you on a journey through the digital world in times when economic conditions force companies to manage their bottom-line rigorously. Despite these conditions, digitization is in full swing. Digital strategies that are simple and understandable can create competitive advantages for companies' futures, shielding them from potential future threats. Published right in time, the book *The Transformers* shows how companies can immediately save cost with data transformation at the push of a button, and, at the same time, accelerate its digitization. It will empower you to drive transformation and end-to-end information management of the digital core successfully. *The Transformers* lays out the digital building blocks for businesses and introduces Artificial Intelligence and digital platforms to tackle Big Data. Also included, detailed descriptions of Digital Business Transformation enhance your understanding while demonstrating its applicability to digitization. The value of enterprises' core data shines like crown jewels that absolutely demand protection and safety. Graesser illustrates how to manage business data rightfully, and he explains the full data life cycle management with a focus

on the historization of old data in terms of preservation and protection. The heart of the book consists of two chapters with in-depth explanations of technical platforms needed to conquer the Big Data challenges. The SAP HANA 2.0 platform, with its in-memory database, transforms the meaning of and the value out of Big Data with many advanced analytical capabilities. The Historization platform JiVS IMP by Data Migration International complements the operational enterprise systems with sophisticated data transformation capabilities realizing major value scenarios. In combination, both platforms together allow significant simplification of data management for real-time data business models. Strategic thinking and developing strategies, in principle, is an art more than 2,500 years old. From Battlefield to Greenfield, The Transformers bridges the time-gap from ancient China with its famous war strategist Sun Tzu who lived around 500 BC, to the digital era today. The fighting happened then, and it happens today in business with arms, battlegrounds, and warriors. Graesser provides significant insights on how to plan victories and to win battles even without fighting. The visions and strategies are substantial and have never moved out of the central attention of leaders. You can touch and feel Digital Business Transformation with stories about the digital journeys of enterprises across different industries. And the book closes with the 'Tips from the Top' chapter. It features Thomas Failer (founder of Data Migration International), Bjoern Braemer (Senior Vice president at SAP SE), Peter Hartmann (former CIO of the Geberit Group), and Tom Pfister (CEO Nytro Marketing). The book's audiences include C-suite business leaders and will appeal to all decision-makers who drive transformational business or Information Technology programs.

Soul Journaling - Saving Atlantis Karen Valiquette, The year is 10642 B.C. and this is to be the Master Architect's most challenging incarnation. Life in the utopian world that he lovingly created over 500 years earlier, now known as Atlantis, was beginning to unravel. The egalitarian society that he so carefully shepherded was starting to show signs of a darker ego emerging as technology and greed were developing rapidly. Something had to be done or this great society would be lost forever. For Karen, this life is one of a young new soul, eager for adventure and love. She finds this and, perhaps, more than she would have liked to have experienced. *Soul Journaling* is a series of books based on the past lives of the author, Karen Valiquette. For many, exploring past lives is a welcomed opportunity. For others, it would require suspending disbelief. Regardless of your beliefs, this series provides powerful and compelling stories filled with subtle lessons we can all appreciate. Remember, we are all connected.
