Simple Times Amy Sedaris,2014-03-04 The New York Times bestselling craft guide that inspired the hit new TV show, At Home With Amy Sedaris It's often been said that ugly people craft and attractive people have sex. In *Simple Times*, Amy Sedaris sets the record straight and delivers a book that will forever change the world of crafting. Demonstrating that crafting is one of life's more pleasurable and constructive leisure activities, Sedaris shows that anyone with a couple of hours to kill and access to pipe cleaners can join the elite society of crafters. You will discover how to make popular crafts such as Pompom Ringworms and Seashell Toilet Seat Covers, all while avoiding the most common crafting accidents (sawdust fires, feather asphyxia, pine cone lodged in throat). You will cook your own edible crafts, from a Crafty Candle Salad to Sugar Skulls, with many more recipes and craft ideas that will inspire you to create your very own hastily constructed obscure d'arts. Praise for *Simple Times* Amy Sedaris is a kookier, kitschier version of Martha Stewart...*Simple Times* is an ideal gift for the crafter who has crafted everything. - Associated Press A wildly cheeky guide. -- InStyle For anyone who's ever collected hats crocheted together...or simply for fans of Amy Sedaris and her idiosyncratic sense of humor. -- New York Times Book Review

Our Flag Was Still There Jessie Hartland, 2019-05-21 A Bank Street Best Book of the Year “So much to like about this, including the folk art-style artwork with childlike appeal, the emphasis on the women who constructed the flag, and the important ways a symbol can influence a country for generations.” —Booklist (starred review) From beloved author-illustrator Jessie Hartland comes a whimsical nonfiction picture book that tells the story of the American flag that inspired the poem and our national anthem, “The Star-Spangled Banner.” If you go to the Smithsonian in Washington, DC, you can see a massive American flag: thirty feet tall and forty-two feet long. That’s huge! But how did it get there? And where did it come from? Well... The story of this giant flag begins in 1812 and stars a major on the eve of battle, a seamstress and her mighty helpers, and a poet named Francis Scott Key. This isn’t just the story of one flag. It’s the story of “The Star Spangled-Banner,” a poem that became our national anthem, too. Dynamically told and stunningly illustrated, Jessie Hartland brings this fascinating and true story to life.

DIY Citizenship Matt Ratto, Megan Boler, 2014-02-07 How social media and DIY communities have enabled new forms of political participation that emphasize doing and making rather than passive consumption. Today, DIY—do-it-yourself—describes more than self-taught carpentry. Social media enables DIY citizens to organize and protest in new ways (as in Egypt's “Twitter revolution” of 2011) and to repurpose corporate content (or create new user-generated content) in order to offer political counternarratives. This book examines the usefulness and limits of DIY citizenship, exploring the diverse forms of political participation and “critical making” that have emerged in recent years. The authors and artists in this collection describe DIY citizens whose activities range from activist fan blogging and video production to knitting and the creation of community gardens. Contributors examine DIY activism, describing new modes of civic engagement that include Harry Potter fan activism and the activities of the Yes Men. They consider DIY making in learning, culture, hacking, and the arts, including do-it-yourself media production and collaborative documentary making. They discuss DIY and design and how citizens can unlock the black box of technological infrastructures to engage and innovate open and participatory critical making. And they explore DIY and media, describing activists' efforts to remake and reimagine media and the public sphere. As these chapters make clear, DIY is characterized by its emphasis on “doing” and making rather than passive consumption. DIY citizens assume active roles as interventionists, makers, hackers, modders, and tinkerers, in pursuit of new forms of engaged and participatory democracy. Contributors Mike Ananny, Chris Atton, Alexandra Bal, Megan Boler, Catherine Burwell, Red Chidgey, Andrew Clement, Negin Dahya, Suzanne de Castell, Carl DiSalvo, Kevin Driscoll, Christina Dunbar-Hester, Joseph Ferenbok, Stephanie Fisher, Miki Foster, Stephen Gilbert, Henry Jenkins, Jennifer Jenson, Yasmin B. Kitty Genovese Kevin Cook,2015-03-17 Vividly transforms Ms. Genovese from an iconic urban martyr to a three-dimensional protagonist in a case that transformed the criminal justice system. —Sam Roberts, New York Times In 1964 Catherine Kitty Genovese was brutally stabbed to death on her front stoop in plain view of numerous witnesses. Her sensational case provoked an anxious outcry and became the stuff of urban legend. Kevin Cook's "provocative" (Wall Street Journal) investigation upends the simple story we thought we knew. His unprecedented minute-by-minute reconstruction of the crime shatters the fable of the 38 passive witnesses—a myth perpetuated by the New York Times, movies, TV programs, and countless psychology textbooks. For the first time, Cook introduces us to a neighbor who did intervene, and he brings to life a vibrant and charismatic Kitty, working (and dancing) her way through the colorful, fast-changing New York of the '60s.

DIY Utopia Amber Day,2016-12-22 At first glance, contemporary popular culture, filled with bleak images of the future, seems to have given up on the possibility of positive collective change. Below the surface, however, alternative culture is rife with artist-led projects, activist movements, and subcultural communities of interest that seek to spark the collective imagination and to encourage hunger for alternatives. More playfully self-conscious than past utopian movements, today's are often whimsical or ironic, but are still entirely earnest. Artists invite us to re-author city maps, or archive individual ideas for the future, while maker collectives urge us to rethink our relationship to consumer goods. All seem to have grown out of a similar do-it-yourself ethos and alternative culture. One of the central conflicts informing these case studies is that while it remains immensely difficult to envision anything outside of the current system of consumer capitalism, there is nevertheless a powerful desire to take it apart in piecemeal ways. We see the longing for new social and political narratives, new forms of communion and sociability, and new imaginings of the possible, longings that are currently unmet by mainstream culture, but that are taking expression in myriad ways at the local level. Taken as a whole, this collection examines what our grand ideals and playful daydreams tell us about ourselves.
