Which Country Has the World's Best Health Care? Ezekiel J. Emanuel,2020-06-16 The preeminent doctor and bioethicist Ezekiel Emanuel is repeatedly asked one question: Which country has the best healthcare? He set off to find an answer. The US spends more than any other nation, nearly \$4 trillion, on healthcare. Yet, for all that expense, the US is not ranked #1 -- not even close. In *Which Country Has the World's Best Healthcare?* Ezekiel Emanuel profiles eleven of the world's healthcare systems in pursuit of the best or at least where excellence can be found. Using a unique comparative structure, the book allows healthcare professionals, patients, and policymakers alike to know which systems perform well, and why, and which face endemic problems. From Taiwan to Germany, Australia to Switzerland, the most inventive healthcare providers tackle a global set of challenges -- in pursuit of the best healthcare in the world.

Beach Cocktails Editors Of Coastal The Editors Of Coastal Living,2017-05-02 Cheers! Bottoms Up! It's time for a beach cocktail! Whether you are on the shores of a sandy beach or at home with a gathering of friends, serve up thirst-quenching flavored cocktails of the coast like Hawaiian Mai Tais, Cuban Daiquiri's, Key West Rum Runners or a Brazilian Caipirinhas! Over the last 20 years Coastal Living has provided readers with the best of seaside life, and now with BEACH COCKTAILS they serve up delicious cocktail recipes alongside beautifully photographed coastal scenery to delight the casual reader, mixologist, or guest alike. More than just a pretty cocktail book, BEACH COCKTAILS covers it all: learn the origin and key ingredients of tiki bar favorites, gear up with the 4-1-1 on must-have bar essentials, and refresh your bar-basics like making simple syrups, creating fun garnishes and learning to muddle! Whether you prefer a classic sip on the sand, a cutting-edge contemporary toddy, or a refreshing mocktail while watching the tide roll in, BEACH COCKTAILS is your thirst-aid kit.

Food Warrior Claudia Martin,2021 Straws slip into the oceans, foods go bad before we get a chance to eat them, and all that food packaging is filling the world with garbage. What a waste! But there's a way to help. Be a waste warrior to put a stop to food waste and join the battle to save Earth! Honest text introduces some of Earth's biggest waste problems, while helpful solutions provide a way for readers to combat the issues. A final eco-activity pairs simple steps with illustrations to give waste warriors a hands-on activity to fight food waste.

Havenfall Sara Holland,2020-03-03 Vibrant. - Emily A. Duncan, New York Times bestselling author of *Wicked Saints* An enchanting and thrilling contemporary fantasy. - Brigid Kemmerer, New York Times bestselling author of *A Curse So Dark*

and Lonely A safe haven between four realms. The girl sworn to protect it--at any cost. New York Times bestselling author Sara Holland crafts a breathtaking new contemporary fantasy perfect for fans of Melissa Albert and Holly Black. Hidden deep in the mountains of Colorado lies the Inn at Havenfall, a sanctuary that connects ancient worlds--each with their own magic--together. For generations, the inn has protected all who seek refuge within its walls, and any who disrupt the peace can never return. For Maddie Morrow, summers at the inn are more than a chance to experience this magic first-hand. Havenfall is an escape from reality, where her mother sits on death row accused of murdering Maddie's brother. It's where Maddie fell in love with handsome Fiorden soldier Brekken. And it's where one day she hopes to inherit the role of Innkeeper from her beloved uncle. But this summer, the impossible happens--a dead body is found, shattering everything the inn stands for. With Brekken missing, her uncle gravely injured, and a dangerous creature on the loose, Maddie suddenly finds herself responsible for the safety of everyone in Havenfall. She'll do anything to uncover the truth, even if it means working together with an alluring new staffer Taya, who seems to know more than she's letting on. As dark secrets are revealed about the inn itself, one thing becomes clear to Maddie--no one can be trusted, and no one is safe . . . Sara Holland takes the lush fantasy that captured readers in Everless and Evermore and weaves it into the real world to create a wholly captivating new series where power and peril lurk behind every door.

Mythical Me Richella Parham,2019-10-22 Do you ever find yourself stuck in the comparison trap? Speaker and author Richella Parham knows what this feels like, often finding herself admiring one person's achievements, someone else's personality, another's skills, yet another's relationships or appearance. While there are no easy answers, Parham helps readers pick up practices that help us walk in the freedom of Christ with confidence in ourselves.

Good Economics for Hard Times Abhijit V. Banerjee,Esther Duflo,2019-11-12 The winners of the Nobel Prize show how economics, when done right, can help us solve the thorniest social and political problems of our day. Figuring out how to deal with today's critical economic problems is perhaps the great challenge of our time. Much greater than space travel or perhaps even the next revolutionary medical breakthrough, what is at stake is the whole idea of the good life as we have known it. Immigration and inequality, globalization and technological disruption, slowing growth and accelerating climate change--these are sources of great anxiety across the world, from New Delhi and Dakar to Paris and Washington, DC. The resources to address these challenges are there--what we lack are ideas that will help us jump the wall of disagreement and distrust that divides us. If we succeed, history will remember our era with gratitude; if we fail, the potential losses are incalculable. In this revolutionary book, renowned MIT economists Abhijit V. Banerjee and Esther Duflo take on this challenge, building on cutting-edge research in economics explained with lucidity and grace. Original, provocative, and urgent, Good Economics for Hard Times makes a persuasive case for an intelligent interventionism and a society built on compassion and respect. It is an extraordinary achievement, one that shines a light to help us appreciate and understand our

precariously balanced world.

Quilting the Garden Barb Adams, Alma Allen, Ricki Creamer, 2004-10 Celebrate blooms and more as these bestselling authors combine the love of gardening and quilting. Two versions of quilts are presented, plus many projects.

No Logo Naomi Klein, 2000-01-15 What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands. Billy Bragg from the bookjacket.

Blockchain Chicken Farm Xiaowei Wang, 2020-10-13 A New York Times Book Review Editors' Choice A brilliant and empathetic guide to the far corners of global capitalism. --Jenny Odell, author of *How to Do Nothing* From FSGO x Logic: stories about rural China, food, and tech that reveal new truths about the globalized world In *Blockchain Chicken Farm*, the technologist and writer Xiaowei Wang explores the political and social entanglements of technology in rural China. Their discoveries force them to challenge the standard idea that rural culture and people are backward, conservative, and intolerant. Instead, they find that rural China has not only adapted to rapid globalization but has actually innovated the technology we all use today. From pork farmers using AI to produce the perfect pig, to disruptive luxury counterfeits and the political intersections of e-commerce villages, Wang unravels the ties between globalization, technology, agriculture, and commerce in unprecedented fashion. Accompanied by humorous "Sinofuturist" recipes that frame meals as they transform under new technology, *Blockchain Chicken Farm* is an original and probing look into innovation, connectivity, and collaboration in the digitized rural world. FSG Originals x Logic dissects the way technology functions in everyday lives. The titans of Silicon Valley, for all their utopian imaginings, never really had our best interests at heart: recent threats to democracy, truth, privacy, and safety, as a result of tech's reckless pursuit of progress, have shown as much. We present an alternate story, one that delights in capturing technology in all its contradictions and innovation, across borders and socioeconomic divisions, from history through the future, beyond platitudes and PR hype, and past doom and gloom. Our collaboration features four brief but provocative forays into the tech industry's many worlds, and aspires to incite fresh conversations about technology focused on nuanced and accessible explorations of the emerging tools that reorganize and redefine life today.

Hacker, Hoaxer, Whistleblower, Spy Gabriella Coleman, 2014-11-04 The ultimate book on the worldwide movement of hackers, pranksters, and activists collectively known as Anonymous—by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets” “A work of anthropology that sometimes echoes a John le Carré novel.” —Wired Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside-outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms

one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

Liquid Modernity Zygmunt Bauman,2013-07-10 In this new book, Bauman examines how we have moved away from a 'heavy' and 'solid', hardware-focused modernity to a 'light' and 'liquid', software-based modernity. This passage, he argues, has brought profound change to all aspects of the human condition. The new remoteness and un-reachability of global systemic structure coupled with the unstructured and under-defined, fluid state of the immediate setting of life-politics and human togetherness, call for the rethinking of the concepts and cognitive frames used to narrate human individual experience and their joint history. This book is dedicated to this task. Bauman selects five of the basic concepts which have served to make sense of shared human life - emancipation, individuality, time/space, work and community - and traces their successive incarnations and changes of meaning. Liquid Modernity concludes the analysis undertaken in Bauman's two previous books Globalization: The Human Consequences and In Search of Politics. Together these volumes form a brilliant analysis of the changing conditions of social and political life by one of the most original thinkers writing today.

501 Writing Prompts LearningExpress (Organization),2018 This eBook features 501 sample writing prompts that are designed to help you improve your writing and gain the necessary writing skills needed to ace essay exams. Build your essay-writing confidence fast with 501 Writing Prompts! --

Watching the English Kate Fox,2014-07-08 Updated, with new research and over 100 revisions Ten years later, they're still talking about the weather! Kate Fox, the social anthropologist who put the quirks and hidden conditions of the English under a microscope, is back with more biting insights about the nature of Englishness. This updated and revised edition of Watching the English - which over the last decade has become the unofficial guidebook to the English national character - features new and fresh insights on the unwritten rules and foibles of squaddies, bikers, horse-riders, and more. Fox revisits a strange and fascinating culture, governed by complex sets of unspoken rules and bizarre codes of behavior. She demystifies the peculiar cultural rules that baffle us: the rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid pantomime rule. Class anxiety tests. The roots of English self-mockery and many more. An international bestseller, Watching the English is a biting, affectionate, insightful and often hilarious look at the English and their society.

Surveillance Valley Yasha Levine,2018-02-06 The internet is the most effective weapon the government has ever built.

In this fascinating book, investigative reporter Yasha Levine uncovers the secret origins of the internet, tracing it back to a Pentagon counterinsurgency surveillance project. A visionary intelligence officer, William Godel, realized that the key to winning the war in Vietnam was not outgunning the enemy, but using new information technology to understand their motives and anticipate their movements. This idea -- using computers to spy on people and groups perceived as a threat, both at home and abroad -- drove ARPA to develop the internet in the 1960s, and continues to be at the heart of the modern internet we all know and use today. As Levine shows, surveillance wasn't something that suddenly appeared on the internet; it was woven into the fabric of the technology. But this isn't just a story about the NSA or other domestic programs run by the government. As the book spins forward in time, Levine examines the private surveillance business that powers tech-industry giants like Google, Facebook, and Amazon, revealing how these companies spy on their users for profit, all while doing double duty as military and intelligence contractors. Levine shows that the military and Silicon Valley are effectively inseparable: a military-digital complex that permeates everything connected to the internet, even coopting and weaponizing the antigovernment privacy movement that sprang up in the wake of Edward Snowden. With deep research, skilled storytelling, and provocative arguments, *Surveillance Valley* will change the way you think about the news -- and the device on which you read it.

Player Piano Kurt Vonnegut, 2009-09-30 "A funny, savage appraisal of a totally automated American society of the future."—San Francisco Chronicle Kurt Vonnegut's first novel spins the chilling tale of engineer Paul Proteus, who must find a way to live in a world dominated by a supercomputer and run completely by machines. Paul's rebellion is vintage Vonnegut—wildly funny, deadly serious, and terrifyingly close to reality. Praise for *Player Piano* "An exuberant, crackling style . . . Vonnegut is a black humorist, fantasist and satirist, a man disposed to deep and comic reflection on the human dilemma."—Life "His black logic . . . gives us something to laugh about and much to fear."—The New York Times Book Review

Air Force Handbook 10-644 Survival Evasion Resistance Escape Operations, 27 March 2017 United States Government Us Air Force, 2017-06-06 *Air Force Handbook 10-644 Survival Evasion Resistance Escape (SERE) Operations* 27 March 2017 This handbook describes the various environmental conditions affecting human survival, and describes isolated personnel (IP) activities necessary to survive during successful evasion or isolating events leading to successful recovery. It is the fundamental reference document providing guidance for any USAF service member who has the potential to become isolated; deviations require sound judgment and careful consideration. This publication provides considerations to be used in planning and execution for effective mission accomplishment of formal USAF Survival, Evasion, Resistance, and Escape (SERE) training, environmentally specific SERE training, and combat survival continuation training programs. The tactics, techniques, and procedures in this publication are recognized best practices presenting a solid foundation to assist USAF

service members to maintain life and return with honor from isolating events.

Writing and Literature Tanya Long Bennett, 2018-01-10 In the age of Buzzfeeds, hashtags, and Tweets, students are increasingly favoring conversational writing and regarding academic writing as less pertinent in their personal lives, education, and future careers. *Writing and Literature: Composition as Inquiry, Learning, Thinking and Communication* connects students with works and exercises and promotes student learning that is kairotic and constructive. Dr. Tanya Long Bennett, professor of English at the University of North Georgia, poses questions that encourage active rather than passive learning. Furthering ideas presented in *Contribute a Verse: A Guide to First-Year Composition* as a complimentary companion, *Writing and Literature* builds a new conversation covering various genres of literature and writing. Students learn the various writing styles appropriate for analyzing, addressing, and critiquing these genres including poetry, novels, dramas, and research writing. The text and its pairing of helpful visual aids throughout emphasizes the importance of critical reading and analysis in producing a successful composition. *Writing and Literature* is a refreshing textbook that links learning, literature, and life.

Quilts from Sweet Jane Sue Pfau, 2013 Easy to start and quick to finish, these 10 bright, fresh quilts appeal to both modern and traditional tastes. Simplify fabric selection; most quilts use precut fabrics plus a neutral fabric.
