One Cacao Tree Raven Hanna,2024-02-22 TREE TO BAR CHOCOLATE We've grown cacao since 2010, but cacao and chocolate became my obsession during the Stay-At-Home days during the pandemic. Before dawn I tempered and molded chocolate. In the daytime I took care of my trees and the trees at the University of Hawai'i, Hilo. I explored methods of

fermenting cacao bean in tiny batches and making chocolate bean to bar. I chatted with experts, took online classes, and read books and scientific papers. This book is a synthesis of everything I've learned. It explains how to make chocolate from tree-to-bar and beyond. Covering topics of growing & harvesting, simple tiny fermentations, and chocolate & confections making, this book will bring more cacao into your life. It is written with small scale cacao tree growers and amateur chocolate makers in mind, but has been well-received by chocolate enthusiasts everywhere. Inside you will find: • savory and sweet recipes for every step of the process • ways to ferment a tiny amount of cacao seeds • a primer on basic chocolate making skills • tricks for tempering chocolate in a tropical climate • inspiration for using locally grown ingredients • guidance to tasting chocolate • encouragement to experiment and play
