**The Sleep Fix** Diane Macedo,2021-12-14 From renowned ABC News anchor/correspondent and former insomniac Diane Macedo, comes a practical, user-friendly guide to getting better sleep. The Sleep Fix flips the switch on common advice,

illuminating the reporter's relentless search for how to get a good night's sleep and the surprising, scientific, and practical solutions she found along the way. Roughly thirty percent of the population is estimated to be living with insomnia, while many more unknowingly suffer from other sleep disorders. In *The Sleep Fix*, Macedo aims to change that with perspective-shifting research and easy-to-implement solutions based not just on science and experts, but also her own years-long struggle. As an early-morning reporter and overnight news anchor, Macedo learned the hard way how valuable sleep is, and how it affects everything from our heart to our brain to our immune system. The longer Macedo struggled, the more her health deteriorated. Desperate, she tried standard sleep tip after standard sleep tip, but nothing worked - instead, it made her worse. Finally, after developing a tolerance to sleeping pills, Macedo decided to attack the problem as a journalist, interviewing sleep experts from all over the world to get to the bottom of what really keeps us from sleeping—and the various ways to fix it. As Macedo explains, the solution to catching zzz's isn't as simple as giving up caffeine, or putting away your phone before bed. With her down-to-earth explanations and humor, she instead teaches us how to:

- Understand sleep biology
- Identify sleep obstacles
- Flag sleep myths and separate fact from fiction
- Try counterintuitive approaches
- Shift our mindset

Most importantly, Macedo — a busy, working mom — teaches us how to adjust and fit these solutions into our everyday lives. Offering expert wisdom, cutting-edge research, intimate sleep stories from public figures, and actionable advice, *The Sleep Fix* is the tell-it-like-it-is guide this sleep-deprived world has been waiting for.

**What Happened to You?** Oprah Winfrey, Bruce D. Perry, 2021-04-27 ONE MILLION COPIES SOLD #1 NEW YORK TIMES BESTSELLER Our earliest experiences shape our lives far down the road, and *What Happened to You?* provides powerful scientific and emotional insights into the behavioral patterns so many of us struggle to understand. “Through this lens we can build a renewed sense of personal self-worth and ultimately recalibrate our responses to circumstances,

situations, and relationships. It is, in other words, the key to reshaping our very lives.”—Oprah Winfrey This book is going to change the way you see your life. Have you ever wondered Why did I do that? or Why can't I just control my behavior? Others may judge our reactions and think, What's wrong with that person? When questioning our emotions, it's easy to place the blame on ourselves; holding ourselves and those around us to an impossible standard. It's time we started asking a different question. Through deeply personal conversations, Oprah Winfrey and renowned brain and trauma expert Dr. Bruce Perry offer a groundbreaking and profound shift from asking “What’s wrong with you?” to “What happened to you?” Here, Winfrey shares stories from her own past, understanding through experience the vulnerability that comes from facing trauma and adversity at a young age. In conversation throughout the book, she and Dr. Perry focus on understanding people, behavior, and ourselves. It’s a subtle but profound shift in our approach to trauma, and it’s one that allows us to understand our pasts in order to clear a path to our future—opening the door to resilience and healing in a proven, powerful way.
