Feels Like Home Marian Parsons, 2021-10-12 Discover how to achieve your dream home on an affordable budget using these inspiring pictures, practical tips, and easy-to-implement tutorials. Most of us don't live in a dream home that was custom built to suit our tastes. We have to work with a house that brings its own style, quirks, and personality to the table. But imagine walking into this house, but it's perfectly designed and decorated with your style in mind—a home that fits you like a well-tailored outfit and yet is as comfy as your favorite pair of pajamas. What would that home look like exactly? How would it feel to live in a home styled specifically for you? The truth is, every home should feel like a custom home and not have to break the bank. In *Feels Like Home*, DIY makeover queen Marian Parsons (a.k.a. Miss Mustard Seed) teaches you what she's learned over the years, sharing budget-friendly practical tips that will inspire you to change your space from “blah” to beautiful, from a builder-grade to character-rich home. Each chapter will guide you through detailed, easy-to-implement tutorials for projects, makeovers, decorating ideas, and tips for handling common challenges. Special note-taking spaces are also included for recording your own design ideas. Room by room, you will be empowered to transform your house into the home of your dreams!

Piano Lessons Noah Adams, 1997-03-10 *Piano Lessons* is Noah Adams's delightful and moving chronicle of his fifty-second year—a year already filled with long, fast workdays and too little spare time—as he answers at last a lifelong call: to learn to play the piano. The twelve monthly chapters span from January—when after decades of growing affection for keyboard artists and artisans he finally plunges in and buys a piano—through December, when as a surprise Christmas present for his wife he dresses in a tuxedo and, in flickering candlelight, snow falling outside the windows, he attempts their favorite piece of music, a difficult third-year composition he's been struggling with in secret to get to this very moment. Among the up-tempo triumphs and unexpected setbacks, Noah Adams interweaves the rich history and folklore that surround the piano. And along the way, set between the ragtime rhythms and boogie-woogie beats, there are encounters with—and insights from—masters of the keyboard, from Glenn Gould and Leon Fleisher (I was a bit embarrassed, he writes; telling Leon Fleisher about my ambitions for piano lessons is like telling Julia Child about plans to make toast in the morning) to Dr. John and Tori Amos. As a storyteller, Noah Adams has perfect pitch. In the foreground here, like a familiar melody, are the challenges of learning a complex new skill as an adult, when enthusiasm meets the necessary repetition of tedious scales at

the end of a twelve-hour workday. Lingering in the background, like a subtle bass line, are the quiet concerns of how we spend our time and how our priorities shift as we proceed through life. For Piano Lessons is really an adventure story filled with obstacles to overcome and grand leaps forward, eccentric geniuses and quiet moments of pre-dawn practice, as Noah Adams travels across country and keyboard, pursuing his dream and keeping the rhythm.

What Happened to You? Oprah Winfrey, Bruce D. Perry, 2021-04-27 ONE MILLION COPIES SOLD #1 NEW YORK TIMES BESTSELLER Our earliest experiences shape our lives far down the road, and What Happened to You? provides powerful scientific and emotional insights into the behavioral patterns so many of us struggle to understand. “Through this lens we can build a renewed sense of personal self-worth and ultimately recalibrate our responses to circumstances, situations, and relationships. It is, in other words, the key to reshaping our very lives.”—Oprah Winfrey This book is going to change the way you see your life. Have you ever wondered Why did I do that? or Why can't I just control my behavior? Others may judge our reactions and think, What's wrong with that person? When questioning our emotions, it's easy to place the blame on ourselves; holding ourselves and those around us to an impossible standard. It's time we started asking a different question. Through deeply personal conversations, Oprah Winfrey and renowned brain and trauma expert Dr. Bruce Perry offer a groundbreaking and profound shift from asking “What’s wrong with you?” to “What happened to you?” Here, Winfrey shares stories from her own past, understanding through experience the vulnerability that comes from facing trauma and adversity at a young age. In conversation throughout the book, she and Dr. Perry focus on understanding people, behavior, and ourselves. It’s a subtle but profound shift in our approach to trauma, and it’s one that allows us to understand our pasts in order to clear a path to our future—opening the door to resilience and healing in a proven, powerful way.

The Sleep Fix Diane Macedo, 2021-12-14 From renowned ABC News anchor/correspondent and former insomniac Diane Macedo, comes a practical, user-friendly guide to getting better sleep. The Sleep Fix flips the switch on common advice, illuminating the reporter’s relentless search for how to get a good night’s sleep and the surprising, scientific, and practical solutions she found along the way. Roughly thirty percent of the population is estimated to be living with insomnia, while many more unknowingly suffer from other sleep disorders. In The Sleep Fix, Macedo aims to change that with perspective-shifting research and easy-to-implement solutions based not just on science and experts, but also her own years-long struggle. As an early-morning reporter and overnight news anchor, Macedo learned the hard way how valuable sleep is, and how it affects everything from our heart to our brain to our immune system. The longer Macedo struggled, the more her health deteriorated. Desperate, she tried standard sleep tip after standard sleep tip, but nothing worked - instead, it made her worse. Finally, after developing a tolerance to sleeping pills, Macedo decided to attack the problem as a journalist, interviewing sleep experts from all over the world to get to the bottom of what really keeps us from sleeping—and the various ways to fix it. As Macedo explains, the solution to catching zzz’s isn’t as simple as giving up caffeine, or putting away your

phone before bed. With her down-to-earth explanations and humor, she instead teaches us how to: • Understand sleep biology • Identify sleep obstacles • Flag sleep myths and separate fact from fiction • Try counterintuitive approaches • Shift our mindset Most importantly, Macedo — a busy, working mom — teaches us how to adjust and fit these solutions into our everyday lives. Offering expert wisdom, cutting-edge research, intimate sleep stories from public figures, and actionable advice, *The Sleep Fix* is the tell-it-like-it-is guide this sleep-deprived world has been waiting for.

The Crossing Gate: A Waltz of Sin and Fire Series. Book One Asiel R. Lavie, 2022-01-04 She can't grow up. Literally. In the kingdom of Elpax, juveniles must walk through the mysterious Crossing Gate to become adults—and seventeen-year-old Lenora is determined that her third attempt at crossing to adulthood will be successful. Even though adulthood means facing horrible realities, such as sin-spots appearing on her body whenever she commits a sin, it also means being able to have a job. And Lenora needs to work to support her struggling family. But Lenora's Crossing Day goes horribly wrong. Accused of trying to start a revolution, Lenora must obey the kingdom's laws to the letter if she wants to take suspicion off herself. But following the rules isn't as easy as it sounds. Especially when she meets a mysterious and handsome stranger who makes her feel emotions she's never experienced before—even though juveniles in Elpax aren't supposed to be capable of falling in love. With the long arm of the law looming over her and her family, Lenora must walk a tightrope between following the rules and investigating why she's unable to cross. Not to mention discovering where her new adult emotions are coming from. But as Lenora uncovers more of Elpax's terrible secrets, she realizes that fighting the system might be the only way to save her family, her country, and her first love. The first in an epic series perfect for fans of Victoria Aveyard's *Red Queen* and Lauren Oliver's *Delirium*, *The Crossing Gate* combines the tropes of classic YA dystopia with a Greek-inspired setting and fantasy elements that will whisk readers away on a journey like no other.
