The Mindful Carnivore Tovar Cerulli, 2013-03-13 A vegan-turned-hunter reignites the connection between humans and our food sources and continues the dialog begun by Michael Pollan and Barbara Kingsolver. While still in high school, Tovar Cerulli experimented with vegetarianism and by the age of twenty, he was a vegan. Ten years later, in the face of declining health, he would find himself picking up a rifle and heading into the woods. Through his personal quest, Tovar Cerulli bridges

disparate worldviews and questions moral certainties, challenging both the behavior of many hunters and the illusion of blamelessness maintained by many vegetarians. In this time of intensifying concern over ecological degradation, how do we make peace with the fact that, even in growing organic vegetables, life is sustained by death? Drawing on personal anecdotes, philosophy, history and religion, Cerulli shows how America's overly sanitized habits of consumption and disconnection with our food have resulted in so many of the health and environmental crises we now face.

It Was Me All Along Andie Mitchell,2015-01-06 A yet heartbreakingly honest, endearing memoir of incredible weight loss by a young food blogger who battles body image issues and overcomes food addiction to find self-acceptance. All her life, Andie Mitchell had eaten lustily and mindlessly. Food was her babysitter, her best friend, her confidant, and it provided a refuge from her fractured family. But when she stepped on the scale on her twentieth birthday and it registered a shocking 268 pounds, she knew she had to change the way she thought about food and herself; that her life was at stake. It Was Me All Along takes Andie from working class Boston to the romantic streets of Rome, from morbidly obese to half her size, from seeking comfort in anything that came cream-filled and two-to-a-pack to finding balance in exquisite (but modest) bowls of handmade pasta. This story is about much more than a woman who loves food and abhors her body. It is about someone who made changes when her situation seemed too far gone and how she discovered balance in an off-kilter world. More than anything, though, it is the story of her finding beauty in acceptance and learning to love all parts of herself.
