Crocheted Wreaths and Garlands Kate Eastwood, 2019-03 Crochet beautiful home decorations in a contemporary style with these 35 patterns for every season, special occasions, Christmas, and all year round. Kate Eastwood has designed 35 colourful and natural-looking wreaths and garlands just for you, with something to suit every occasion and every place. There are garlands with flowers and foliage that won't fade after a few days, and wreaths that can be kept on display all year round, not just for Christmas. You can crochet a Heart Garland for Valentine's Day, or an Easter Egg Wreath full of the colors of spring. In summer, a wreath covered in bright strawberries will brighten up your hallway. For the autumn, a ring of crocheted pumpkins will look great on your front door, and for Christmas there's everything from a Mistletoe Wreath to a Gingerbread Garland. If you want a make that will look good all year round, try the Bobble Bunting in strong pastels, or the Shaker Birdhouse Garland in soft, neutral shades to suit any room.

Return of the Revolutionaries Walter Semkiw, 2003-04-01 Two hundred and twenty-five years ago a political revolution took place in this country which swept power from the English monarchy and gave it to the people of the New World. Today, a spiritual revolution is underway in which spiritual power and responsibility are passing from institution to individuals. You'll be shocked to learn that the same people are at the heart of both world-changing movements. John Adams, Thomas Paine, Samuel Adams, the justices of the first Supreme Court and numerous other American Revolutionaries have been reincarnated as the political and spiritual leaders of today, including George W. Bush, Bill Clinton, Al Gore, Marianne Williamson, Shirley MacLaine, and others. Semkiw presents ample evidence that physical appearance, character traits, modes of thinking and expression, as well as family and karmic groups, often stay the same from lifetime to lifetime. He's also included photographs demonstrating the startling physical similarities the individuals of the American Revolution share

with today's revolutionaries. As further support of the basic premise and reality of reincarnation, Semkiw has included Dr. Ian Stevenson's groundbreaking findings of children who report past lives, as well as other case studies of individuals who have researched and written on their own past lives. Discusses new research into using DNA to prove reincarnation Find out how physical appearance, character traits, synchronistic events, karmic groups, and spiritual guidance can be used to detect one's past lives Includes numerous black & white photographs, dramatically illustrating the similar physical appearance of revolutionaries, past and present
