A Book That Takes Its Time Irene Smit, Astrid van der Hulst, Editors of Flow magazine, 2017-10-03 Take time to breathe. Take time to create. Take time to reflect, take time to let go. A book that's unique in the way it mixes reading and doing, A Book That Takes Its Time is like a mindfulness retreat between two covers. Created in partnership with Flow, the groundbreaking international magazine that celebrates creativity, beautiful illustration, a love of paper, and life's little pleasures, A Book That Takes Its Time mixes articles, inspiring quotes, and what the editors call "goodies"—bound-in cards, mini-journals, stickers, posters, blank papers for collaging, and more—giving it a distinctly handcrafted, collectible feeling. Read about the benefits of not multitasking, then turn to "The Joy of One Thing at a Time Notebook" tucked into the pages. After a short piece on the power of slowing down, fill in the designed notecards for a Beautiful Moments jar. Make a personal timeline. Learn the art of hand-lettering. Dig into your Beginner's Mind. Embrace the art of quitting. Take the writing cure.

And always smile. Move slowly and with intention through *A Book That Takes Its Time*, and discover that sweet place where life can be both thoughtful and playful.

Sign Painters Faythe Levine, Sam Macon, 2013-07-02 There was a time, as recently as the 1980s, when storefronts, murals, banners, barn signs, billboards, and even street signs were all hand-lettered with brush and paint. But, like many skilled trades, the sign industry has been overrun by the techno-fueled promise of quicker and cheaper. The resulting proliferation of computer-designed, die-cut vinyl lettering and inkjet printers has ushered a creeping sameness into our visual landscape. Fortunately, there is a growing trend to seek out traditional sign painters and a renaissance in the trade. In 2010 filmmakers Faythe Levine, coauthor of *Handmade Nation*, and Sam Macon began documenting these dedicated practitioners, their time-honored methods, and their appreciation for quality and craftsmanship. *Sign Painters*, the first anecdotal history of the craft, features stories and photographs of more than two dozen sign painters working in cities throughout the United

States. With a foreword by legendary artist (and former sign painter) Ed Ruscha, this vibrant book profiles sign painters young and old, from the new vanguard working solo to collaborative shops such as San Francisco's New Bohemia Signs and New York's Colossal Media's Sky High Murals.

Outside Lies Magic John R. Stilgoe, 2009-05-26 Outside Lies Magic is a book about the acute observation of ordinary things, about becoming aware in everyday places, about seeing in utterly new ways, about enriching your life unexpectedly. For more than 20 years, John R. Stilgoe has developed and practiced the art of exploring the everyday world around us, where so much lies hidden just beneath the surface, offering uncommon knowledge if we but know what to look for. In this remarkable book, Stilgoe inspires us to become explorers on our own on foot or on bicycle--and by so doing to reap the benefits of escaping, even temporarily, the traps of our programmed lives. Exploration encourages creativity, serendipity, invention, he writes. And while sharing his insights on how to explore, Stilgoe provides a fascinating pocket history of the American landscape, as striking in its originality as it is revealing. Stilgoe dissects our visual surroundings; his observations will transform the way you see everything. Through his eyes, an abandoned railroad line is redolent of history and future promise; front lawns recall our agrarian past; vacant lots hold cathedrals of potential. From the electrical grid overhead to fences, malls, and main streets, Stilgoe offers a fresh understanding of the links and fractures in our society. After reading Outside Lies Magic, your world will never look the same again.
