I Will Survive Gloria Gaynor,2014-03-11 I Will Survive is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, I Will Survive, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

The Beneficiary Janny Scott,2020-04-14 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR [A] poignant addition to the literature of moneyed glamour and its inevitable tarnish and decay...like something out of Fitzgerald or Waugh.—The New Yorker A parable for the new age of inequality: part family history, part detective story, part history of a vanishing class,

and a vividly compelling exploration of the degree to which an inheritance—financial, cultural, genetic—conspired in one person's self-destruction. Land, houses, and money tumbled from one generation to the next on the eight-hundred-acre estate built by Scott's investment banker great-grandfather on Philadelphia's Main Line. There was an obligation to protect it, a license to enjoy it, a duty to pass it on—but it was impossible to know in advance how all that extraordinary good fortune might influence the choices made over a lifetime. In this warmly felt tale of an American family's fortunes, journalist Janny Scott excavates the rarefied world that shaped her charming, unknowable father, Robert Montgomery Scott, and provides an incisive look at the weight of inheritance, the tenacity of addiction, and the power of buried secrets. Some beneficiaries flourished, like Scott's grandmother, Helen Hope Scott, a socialite and celebrated horsewoman said to have inspired Katherine Hepburn's character in the play and Academy Award-winning film *The Philadelphia Story*. For others, including the author's father, she concludes, the impact was more complex. Bringing her journalistic talents, light touch, and crystalline prose to this powerful story of a child's search to understand a parent's puzzling end, Scott also raises questions about our new Gilded Age. New fortunes are being amassed, new estates are being born. Does anyone wonder how it will all play out, one hundred years hence?

Moon-Face and Other Stories Jack London, 2021-07-07 We've all taken a dislike to someone for no real reason. But few of us nurture this hatred like the narrator of *Moon-Face*. The target of his irrational malice is a man named John Claverhouse. With cold precision, the narrator sets to planning the man's downfall. Why he has this urge, he can't explain. But he knows he'll feel immense satisfaction when John Claverhouse is made to suffer. In this macabre little tale, Jack London pinpoints a very common but unpleasant human trait. And then takes it to a horrifying extreme. This short story collection also includes *All Gold Canyon*, which was adapted as part of the Netflix anthology movie *The Ballad of Buster Scruggs*. Jack London (1876–1916) was one of the first American writers to achieve worldwide celebrity. He did so with rugged adventure stories set in forbidding landscapes. And heroes who survive by embracing their most primal instincts. His breakthrough best seller was *The Call of the Wild*. Inspired by his time in the Klondike Gold Rush, this hard-hitting novel is told from the perspective of a sled dog named Buck. It's inspired many adaptations, including a big-budget movie starring Harrison Ford. Among

London's other notable works are *White Fang*, also featuring a canine protagonist, as well as *The Sea-Wolf*, *Martin Eden* and *The Iron Heel*.

Kumba Africa Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

Wesselhoeft Adolph "Wes" Wesselhoeft, 2019-08-15 Wesselhoeft is the story of an innocent six-year-old American boy who was caught up in the events of World War II. No longer playing on the beach in Chicago, going to school and reciting the Pledge of Allegiance, he and his parents were suddenly taken away to a desolate internment camp in Texas. One year later his family and many U.S. citizens like himself were traded for other Americans with our enemy Nazi Germany into an active war zone. Taken to Hamburg, he endured the heavy bombings by the Allies, followed by hunger and deprivation in post-war Germany. In spite of these events he took the first opportunity to return to America and join the Air Force. After twenty-two years of service, including two tours in Vietnam, he retired as a Lieutenant Colonel. Now legally blind from Agent Orange exposure, Wes competes in tandem bicycle races and still lets very little stop him. Wesselhoeft tells his story of faith in God, American perseverance and love of country.
