Kathryn L.M. Reynolds

Garland Roses Kathryn L.M. Reynolds,2013-02-12 Kathy found herself wondering who the sexy, mystery man was, but not for long. All too soon, she discovers that her mysterious stranger is none other than the legendary and famous Joel Garland, Garland Roses' leader and lead-singer. With a sinking heart, Kathy realizes he is way out of her league, and that once the concert is over, she'd never see him again. But fate is to prove this prediction wrong, for little did she know how important Joel Garland and his friends would soon become to her life and wellbeing, as an unknown menace, who calls himself The Doctor stalks and threatens her very life... Joel and Kathy's romance is the first story, in an eight-book series which follows the lives and loves

Hamlin Garland Keith Newlin,2008-06-01 In recognition of his achievements in literature, Hamlin Garland (1860?1940) received four honorary doctorates and a Pulitzer Prize. Keith Newlin traces the rise of this prairie farm boy with a half-formed ambition to write who then skyrocketed into international prominence before he was forty. His life is a story of ironic contradictions: the radical whose early achievement thrust him to the forefront of literary innovation but whose evolutionary aesthetic principles could not themselves adapt to changing conditions; the self-styled 'veritist' whose credo demanded that he verify every fact but whose credulity led him to spend a lifetime seeking to confirm the existence of spirits. His need for recognition caused him to cultivate rewarding friendships with the leaders of literary culture, yet even when he attained that recognition, it was never enough, and his self-doubt caused him fits of black despair. ø The first and only other biography of Hamlin Garland was published more than forty years ago; since then, letters, manuscripts, and family memoirs have surfaced to provide, along with changing literary scholarship, a more evaluative and critical interpretation of Garland's life and times. *Hamlin Garland: A Life* is an exploration of Garland's contributions to American literary culture and places his work within the artistic context of its time.

V. V.'s Eyes Henry Sydnor Harrison,1913 A story which shows the traditional Southern belle, shorn of the glamour that has surrounded her, as a selfish, self-centered, husband-hunting young woman. The revelation of her own uselessness comes to Callie Heth when she begins to view the world through the eyes of the young slum doctor V. Vivivan; her complete realization of it comes on the day she visits the Works, the source of the fortune on which she has lived. The story deals with

industrial evils and touches, too, on the revolt of woman against chivalry in chivalry's old home and seat.

100 Things to Recycle and Make Fiona Hayes,2019-06-18 Keep crafty children of all ages entertained and inspired for hours with Fiona Hayes' 100 Things to Recycle and Make. Everyday materials are transformed into all kinds of stunning and practical projects, from toy animals and vehicles to dressing-up props, decorations, games, and even fun storage solutions. Bringing together the best projects from the popular Crafty Makes series, each section is dedicated to a different base object: cardboard boxes; paper plates; cardboard tubes; materials from nature; and egg cartons. With twenty projects per section to choose from, and 100 projects overall, this book will appeal to a wide range of ages and interests. Simple cardboard tubes become a set of pirate skittles, a friendly octopus, and an entire castle. Plain cardboard boxes are turned into a pirate ship, a money box, and a robot; twigs, leaves and other outdoors materials become picture frames, masks, and a dinosaur. Paper plates make a great bug or flower hat, a dotty frog, and a cute panda, while egg cartons are turned into a fire engine, a pencil holder, and a Christmas tree. Children will be entertained for hours with this invaluable collection of crafty makes, and even the whole family can be involved in recycling everyday objects and turning them into exciting projects. Create entire animal kingdoms and alien worlds, or simply a new favourite toy or mascot. With such a huge range of exciting projects to make from the simplest of objects, 100 Things to Recycle and Make is the ultimate craft inspiration for creative children.
