Aloha Sprinklerinos! Louise Pentland leads a very happy life. That's because she chooses to. Sure, she has dark and dreary days. Each chapter is a gem-encrusted tin that you can peep inside to discover fun topics such as glitz (beauty and pampering, traveling in style) and creativity (crafting, prettifying your room), to tougher topics such as bullying and body confidence, to the universal topic of love (dating, bonding with baby, being kind). How to Fall in Love with Anyone Mandy Len Catron,2017-06-27 "A beautifully written and well-researched cultural criticism as well as an honest memoir" (Los Angeles Review of Books) from the author of the popular New York Times essay, "To Fall in Love with Anyone, Do This," explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced

after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, “Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation” (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists’ research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she’d read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. “Perfect fodder for the romantic and the cynic in all of us” (Booklist), *How to Fall in Love with Anyone* flips the script on love. “Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship” (The Toronto Star).

The Mind's Eye Christopher G. Nuttall,2014-11-07 For centuries, men have been dreaming of telepathy, the power to read and influence the minds of others. Now, all around the world, telepaths are finally starting to appear. Men and women are developing awesome powers with the potential to dramatically change society. Governments are soon starting to become aware of them, even recruiting them, while striving to keep knowledge of their abilities hidden from the general public. Academic researchers too are discovering telepaths and it isn't long before awareness of their existence starts to spread. But non-telepaths, ordinary people, don't want to have their minds read or controlled; the telepaths soon find themselves widely regarded with fear and hatred. Inevitably, some of them want to fight back.

Corrupt Penelope Douglas,2023-11-07 Dreams might be a heart's desire, but nightmares are its obsession in the first novel of a dark romance series from New York Times bestselling author Penelope Douglas. Erika Fane's boyfriend's older brother is handsome, strong, and completely terrifying. The star of his college's basketball team gone pro, he's more concerned with the dirt on his shoe than he is with her. But she saw him. She heard him. The things that he did, and the deeds that he hid... For years, Erika bit her nails, unable to look away. Now, she's in college, but she hasn't stopped watching him. He's bad and the things she's seen aren't content to stay in her head anymore. Because he's finally noticed her. But Michael Crist knows the hold he has on Rika, how much she fears him. She looks down when he enters the room and stills when he's close. He knows she thinks only of him. When Michael's brother leaves for the military, leaving Rika alone and unprotected, he knows the opportunity is too good to be true. Three years ago she put Michael's friends in prison, and now they're free. Every last one of her nightmares is about to come true.
