And since they are mostly 'natural' you'll be using the free resources provided abundantly by Nature (and your pantry). I have a unique interest and expertise in finding fun kids activities at home. For most grandfathers having grand children means a time of just enjoying the occasional visit. Not the case when I became a full time live-in grandfather to my newborn granddaughter. In the end, at my own house, I spent more quality time with her than even most Dads do in a lifetime. This meant remembering, and finding, new and fun activities to share. This time sharing activities from the day after she was born to a schoolgirl nudging teenager years, became one of the best times of my life. And the activities we shared helped to make it so.

Interiors for Under 5s Melissa Jones,2005-04-15 Childhood is undergoing a revolution. The philosophy of bringing up children as separate from adults is a thing of the past. In pre-schools, more and more attention is being paid to designing spaces that accommodate the very young and meet their needs in a way that fosters dialogue and communication. When it comes to home life, busy parents want to spend free time with their children that they will both enjoy. Children are no longer just tagging along and fitting in, they are being provided for with spaces that are stimulating, fun, imaginative, peaceful, or just plain practical. Children are no longer adults in waiting - they have their own culture, and contemporary children's interiors are very much about defining the way childhood is being designed in the twenty-first century. This book showcases a wide variety of interiors designed for the very young from around the world. These range from creches, nurseries and preschools, to museums, restaurants, bedrooms, playspaces, shops and hotels. Each architect or designer has given considerable thought to making their space - whether public or private - workable and beautiful, and their approaches are inspirational. If you are looking for design ideas, or just want somewhere great to take your child at the weekend, this is the book for you. Featured projects include: Lugisland Kindergarten, Stuttgart Fawood Children's Centre, London De Kleine Kikker Day Care Centre, Utrecht The Pattern Pod, Science Museum, London Grudzien Residence, Hong Kong Climbers and Creepers, Kew Gardens, London Museum of Childhood, London Roald Dahl Children Gallery, Ayslesbury Shirokane Preschool, Tokyo The Deep, Hull Selfridges Kids, London American Museum of Natural History, New York Evelina Children's Hospital, London
