First Ask Why Shelly Wildman, 2018-03-28 It's no secret that parenting is tricky business. With advice flooding in from all sides, strong-willed children pushing against boundaries, and our own human flaws, it's easy to get bogged down in every how-to that we're not doing well. But maybe that isn't the right approach. Maybe the first step is not to ask how but to ask why. Like most parents, when Shelly Wildman had children, she consulted books, sermons, and lectures on how to raise the best children possible. Yet every resource focused on how to get external results: children who behave the way others expected them to. For Shelly and her husband, the turning point happened when they started asking why instead--shifting their focus to internal change. That's when their purpose as parents became clear: parents are called to do their best to show kids how to know and love Jesus, to love others, and to make a difference in the world. There are no rules here, no inflexible series of steps that lead to perfect parenting. Instead, Shelly encourages parents to think about their unique family and why each child's needs for spiritual growth might look different. She walks you through intentional questioning, focusing on building a firm foundation for lasting discipleship. And in the end, you'll discover that God wants the same outcome you do: a child who knows Christ intimately, loves him deeply, and has a heart to serve him fully.

[Deliberate Motherhood](#) The Power of Moms, 2013-09-01 The outstanding authors of *Deliberate Motherhood* have let the trials and hardships of motherhood mold them into better people. Whether the change includes learning patience when the two-year-old "paints" your walls with the black permanent marker, or forgiving a teenager who screams "I hate you," or loving more when that naughty child doesn't really deserve it, it's a change that refines us—or as the dictionary describes it, "removes impurities, makes something more effective or become more elegant." That is powerful! You may think that

everything has been said about motherhood, but the delightful thing about Deliberate Motherhood is that every mother/author is one-of-a-kind. They each come from different backgrounds, have different parents, are married (or not) to different people, and certainly have “different” children. Each of the 12 “Powers” provided in this book is a crucial component to help you in your motherhood. And the best part is that you don’t need to do it all at once. You can focus on one “power” a month, and over the course of a year, you’ll see great changes in yourself and in your family. The mark of a great book is that it makes you think . . . and it helps you change . . . which in the case of this book, is an absolute guarantee!

Historical Painting Techniques, Materials, and Studio Practice Arie Wallert, Erma Hermens, Marja Peek, 1995-08-24 Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled *Historical Painting Techniques, Materials, and Studio Practice* at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangka. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

[A \\$500 House in Detroit](#) Drew Philp, 2017-04-11 A young college grad buys a house in Detroit for \$500 and attempts to restore it—and his new neighborhood—to its original glory in this “deeply felt, sharply observed personal quest to create meaning and community out of the fallen...A standout” (Kirkus Reviews, starred review). Drew Philp, an idealistic college student from a working-class Michigan family, decides to live where he can make a difference. He sets his sights on Detroit, the failed metropolis of abandoned buildings, widespread poverty, and rampant crime. Arriving with no job, no friends, and no money, Philp buys a ramshackle house for five hundred dollars in the east side neighborhood known as Poletown. The roomy Queen Anne he now owns is little more than a clapboard shell on a crumbling brick foundation, missing windows, heat, water, electricity, and a functional roof. *A \$500 House in Detroit* is Philp’s raw and earnest account of rebuilding everything but the frame of his house, nail by nail and room by room. “Philp is a great storyteller...[and his] engrossing” (Booklist) tale is also of a young man finding his footing in the city, the country, and his own generation. We witness his concept of Detroit shift, expand, and evolve as his plan to save the city gives way to a life forged from political meaning,

personal connection, and collective purpose. As he assimilates into the community of Detroiters around him, Philp guides readers through the city's vibrant history and engages in urgent conversations about gentrification, racial tensions, and class warfare. Part social history, part brash generational statement, part comeback story, A \$500 House in Detroit "shines [in its depiction of] the 'radical neighborliness' of ordinary people in desperate circumstances" (Publishers Weekly). This is an unforgettable, intimate account of the tentative revival of an American city and a glimpse at a new way forward for generations to come.
