No Space Hidden Grey Gundaker, Judith McWillie, 2005 Focusing primarily, though not exclusively, on the southeastern United States, the book examines works ranging from James Hampton's well-known Throne of the Third Heaven of the Nations Millennium General Assembly (now part of the Smithsonian collection), to several elaborately decorated yards and gardens, to smaller-scale acts of commemoration, protection, and witness. The authors show how the artful arrangement and adornment of everyday objects and plants express both the makers' own experiences and concerns and a number of rich and sustaining cultural traditions. They identify a lexicon of material signs that are frequently and consistently used in African American culture and art and then show how such elements have been used in various individual works and what they mean to the practitioners themselves.--BOOK JACKET.

Short, daily reflections that paint vivid, poetic images of familiar animals, paired with charming original wood-cuts, will engage both children and adults. Anyone who does not want to be caught, again, in the consumer hype of “the holiday season” but rather to be taken up into the eternal truth the natural world reveals will welcome this book. The Witch of Eye Kathryn Nuernberger,2021-02-16 This amazingly wise and nimble collection investigates the horrors inflicted on so-called "witches" of the past. The Witch of Eye unearths salves, potions, and spells meant to heal, yet interpreted by inquisitors as evidence of evil. The author describes torture and forced confessions alongside accounts of gentleness of legendary midwives. In one essay about a trial, we learn through folklore that Jesus's mother was a midwife who cured her own son's rheumatism. In other essays there are subtle parallels to contemporary discourse around abortion and environmental destruction. Nuernberger weaves in her own experiences too. There's an ironic look at her own wedding, an uncomfortable visit to the Prague Museum of Torture, and an afternoon spent tearing out a garden in a mercurial fit. Her researched material is eye-opening, lively, and often funny. An absolutely thrilling collection.

Gatherings Jan Scott,Julie Van Rosendaal,2014-11 The old adage, 'It's not what's on the table, it's who's at the table, ' means more to home cooks as the stuffy, fussy, pretentious dinner party of the past disappears, making way for a new entertaining ideal. People naturally gather together over food; it's a huge part of any celebration, and a means of coming together for more casual daily social interactions. Dinner parties are making a comeback - with more focus on gathering over easy, casual food, there's less pressure for fancy recipes, immaculate table settings and perfect presentation. Home cooks crave comfortable ways to socialize with friends and family, whether it be a special occasion or a means of reconnecting on a regular weeknight. Gatherings puts the focus on real situations that bring people together, whether the occasion is a birthday or holiday, or just an excuse to reconnect and strengthen relationships. The book will be broken down into casual scenarios, with recipes, drinks or cocktails, and easy serving, decor and presentation suggestions for each. It will appeal to those less inclined to spend money eating out, who are still interested in socializing or hosting more casual home parties. It will benefit those who can't cook, have a small space, don't know how to mix drinks or easily decorate, or are intimidated by all that organizing a party entails, from estimating quantities to storing and serving. Gatherings makes social occasions easy

and approachable, and strengthens relationships while building confidence in the kitchen. Taste Canada - The Food Writing Awards finalist, 2015, General Cookbooks category
