Global Yorùbá Toyin Falola, 2024-11-19 In *Global Yorùbá*, renowned scholar Toyin Falola covers the history, people, traditions, environment, religion, spirituality, cosmology, culture, and philosophy of one of Africa's largest cultural groups, the Yorùbá, all while considering the people's relationship with their immediate and distant neighbors. Falola examines how the Yorùbá people have adapted to their environment and tapped it to (re)invent their civilization, shape their culture and traditions, and inform their socioeconomic relations with their neighbors. These interactions have guided the Yorùbá philosophy that developed over time, expressing their conviction regarding society's evolution and the place that humans occupy within it. This web of knowledge can present a more coherent account than any other text yet produced regarding Yorùbá civilization. This volume demonstrates how global dynamics have been adopted in the creation of a Yorùbá community across different times and spaces.

The Meaning of Life Vimal Sehgal B Tech, Vimal Sehgal, 2010-04-10 Love is divine and Divinity is love personified. The author explains that divine love is the meaning of life and shows the reader how everyone can attain peace, love, immortality and happiness by the easy method of mantra meditation. The book elaborately describes love as the ultimate reality, love is divine, reincarnation and its significance, immortality and bliss, law of karma, mind and meditation, bhakti yoga and the art of dying. The book also presents a unified system of spiritual knowledge and a synthesis of science and religion by explaining the fundamentals of life and consciousness and giving a comparison of the characteristics of life and matter. Included are some fascinating tales from ancient Vedic scriptures which illustrate the philosophy with the medium of real life drama. Topics covered include: * The Meaning of Life * Love is the ultimate reality * Immortality and bliss * Meditation and bhakti yoga * Reincarnation and its significance * Laws of karma, morality and peace * Proof of God's existence * Location of soul * Life is but a dream * The art of dying Love is the highest value. From our experience we can surmise that the feeling of love is the most pleasing and gives us ecstasy and pleasure. The feeling of love is cherished by all and the exchange of feelings of love is remembered fondly within our hearts. Love nourishes us and really love is our life. Without love life is meaningless. Indeed the meaning of life is love. Our present education system does not teach students the meaning of life. The tragedy of life is that, consequently, a person may go through life without ever knowing the meaning of life or why he came to this world in the first place.

True Stories, Well Told Lee Gutkind, Hattie Fletcher, 2014-07-06 Creative nonfiction is the literary equivalent of jazz: it's a rich mix of flavors, ideas, voices, and techniques—some newly invented, and others as old as writing itself. This collection of 20 gripping, beautifully-written nonfiction narratives is as diverse as the genre Creative Nonfiction magazine has helped popularize. Contributions by Phillip Lopate, Brenda Miller, Carolyn Forché, Toi Derricotte, Lauren Slater and others draw inspiration from everything from healthcare to history, and from monarch butterflies to motherhood. Their stories shed light

on how we live.
