Bracketology Joe Lunardi, David Smale, Mark Few, 2021-03-02 Lunardi delves into the early days of Bracketology, details its growth, and dispels the myths of the process The NCAA Tournament has become one of the most popular sports events in the country, consuming fans for weeks with the run to the Final Four and ultimately the crowning of the champion of college hoops.? Each March, millions of Americans fill out their bracket in the hopes of correctly predicting the future. Yet, there is no true Madness without the oft-debated question about what teams should be seeded where—from the Power-5 Blue Blood with some early season stumbles on their resume to the mid-major that rampaged through their less competitive conference season—and the inventor of Bracketology himself, Joe Lunardi, now reveals the mystery and science behind the legend. While going in depth on his ever-evolving predictive formula, Lunardi compares great teams from different eras with intriguing results, talks to the biggest names in college basketball about their perception of Bracketology (both good and bad), and looks ahead to the future of the sport and how Bracketology will help shape the conversation. This fascinating book is a must-read for college hoops fans and anyone who has aspired to win their yearly office pool.

Brunch Is Hell Rico Gagliano, Brendan Francis Newnam, 2017-12-05 A call to arms against BRUNCH . . . and a how-to guide for fighting back, from the hosts of the hit podcast and public radio show The Dinner Party Download Society is under threat. The culprit? BRUNCH. Not merely a forum for overpriced eggs, brunch is a leisure-time-squandering hellscape, embodying all that is soul-killing and alienating about modern life. How to fight back? By throwing dinner parties -- the cornerstone of civilized society! Dinner parties -- where friends new and old share food, debate ideas, and boldly build

hangovers together. If we revive the fading art of throwing dinner parties the world will be better off, and our country might heal its wounds of endless division, all without having to wait in a 9-hour line to eat toast. To that end, Brunch is Hell takes hesitant hosts through every phase of throwing a great dinner party, from guest list to subpoena. Loaded with wit, celebrity advice, and tongue-in-cheek humor -- plus sincere insights about how humans can be more generous to each other -- Brunch is Hell is a spirited guide to restoring civility, in the bestselling tradition of Adulting, Amy Sedaris' I Like You: Hospitality Under the Influence, and the Bible.

Why History? Keith Jenkins, 1999 The author aims to show, through a series of case studies of Derrida and others, that postmodern ways of thinking signal the end of history - 'history' especially when taken in either of two forms: the metanarrative on the one hand, and the professional, academic form on the other. -- introd.

Bring Back Our Girls Joe Parkinson, Drew Hinshaw, 2022-11-15 A 2021 Daily Telegraph Book of the Year Winner of the Overseas Press Club of America's Cornelius Ryan Award Everyone should read the testimonies of the Chibok girls who survived the capture. We need to help with efforts to liberate all of them and become more responsible for women and girls' protection in conflicts. -- Malala Yousafzai What happens after you click Tweet? The heart-stopping definitive account of the mission to rescue hundreds of Nigerian schoolgirls whose abduction ignited a global social media campaign and a dramatic worldwide intervention. In the spring of 2014, millions of Twitter users, including some of the world's most famous people, unwittingly helped turn a group of 276 schoolgirls abducted by a little-known Islamist sect into a central prize in the global War on Terror by retweeting a call for their release: #BringBackOurGirls. With just four words, their tweets launched an army of would-be liberators. Soldiers and drones, spies, mercenaries, and glory hunters descended into an obscure conflict that few understood, in a remote part of Nigeria that had barely begun to use the internet. When hostage talks and military intervention failed, the schoolgirls were forced to take survival into their own hands. As their days in captivity dragged into years, the young women learned to withstand hunger, disease, and torment, and became witnesses and victims of unspeakable brutality. Many of the girls were Christians who refused to take the one path offered them--converting to their captors' fundamentalist creed. In secret, they sang hymns, and kept a diary, relying on their faith and friendships to stay alive. Bring Back Our Girls unfolds across four continents, from the remote forests of northern Nigeria to the White House; from clandestine meetings in Khartoum safe houses to century-old luxury hotels on picturesque lakes in the Swiss Alps. A

twenty-first century story that plumbs the promise and peril of an era whose politics are fueled by the power of hashtag advocacy, this urgent and engrossing work of investigative journalism reveals the unpredictable interconnectedness of our butterfly-wings world, where a few days of online activism can bring years of offline consequences for people continents away.

Market-Fresh Mixology Bridget Albert, 2014-03-17 The craft cocktail movement's recent meteoric rise has fittingly coincided with an increased emphasis on locally sourced foods, so it is only natural that an interest in fresh, seasonal ingredients has become a part of every mixologist's and home bartender's repertoire. If you want a face with character and depth that looks ageless and don't want a stretched, artificial or generic look, Dr. Jacono will show you how to get there. If you are considering any kind of facial enhancement, from minor and non-invasive treatments such as simple injections or a laser treatment to more involved surgical procedures such as a full-on facelift, this is your resource. The Park Avenue Face will show you how to avoid the quacks, the fads, the financial waste, and the dangers. Dr. Jacono will help you determine how you want to look and how best to get there. Featuring fascinating patient anecdotes, dozens of before-and-after photographs showing what the various procedures can accomplish and line drawings by veteran medical illustrator William Winn, this comprehensive guide will fully prepare you to step into a doctor's office and discuss your facial enhancement options. You'll know how each treatment works, how long you will take to recover, and how much change you can expect. If there is something about your face you think is holding you back—decide if making a change is right for you. Let The Park Avenue Face guide you to becoming your best you.

At the Dawn of Tourism in Florida: Abolitionists, Print Media, and Images for Early Vacationers John T. Foster, 2019-05-05 John T. Foster Jr. makes a compelling argument that the birth of tourism in Florida did not begin with the railroad barons of the 1880s as is popularly believed, but with abolitionist writers of the Reconstruction era, following the Civil War. Progressive Northerners were lured to the state with colorful descriptions of desirable weather and abundant natural beauty. It was with these forward-thinking writers that Modern Florida was born.

Shortcuts to Inner Peace Ashley Davis Bush, 2011-11-01 Finding serenity every day...in the everyday things we do. It can be a challenge to reach a calm and relaxed mindset, especially in our modern world. Martin Wong Antonio Sergio Bessa, 2015 Martin Wong: Human Instamatic explores the work of Chinese American artist Martin Wong (1946-1999), tracing his transition from an introspective youth in San Francisco painting haunting self-portraits, to his subsequent engagements with communities in the Bay Area and later New York City. In the late 1960s and 1970s, Wong became an active participant in the thriving countercultural movement in California, where he collaborated with the radical queer performance groups Cockettes and Angels of Light. In 1978, Wong moved to New York where he could play a pivotal role in the arts scene throughout the 1980s and 1990s. Wong's work of that period captures the vibrancy of the Lower East Side: a resilient, multi-ethnic, bohemian community grappling with an advanced process of gentrification. Diagnosed with HIV in 1994, Wong returned to San Francisco where he lived under the care of his parents until he died in 1999. Martin Wong: Human Instamatic offers a comprehensive overview of Martin Wong's career through a number of scholarly essays, archival material, and an interview with Wong made accessible to the public for the first time. Martin Wong: Human Instamatic is in partnership with the Bronx Museum of the Arts.

Tecumseh and the Prophet Peter Cozzens, 2021-08-03 An insightful, unflinching portrayal of the remarkable siblings who came closer to altering the course of American history than any other Indian leaders. —H.W. Brands, author of *The Zealot and the Emancipator* The first biography of the great Shawnee leader to make clear that his misunderstood younger brother, Tenskwatawa, was an equal partner in the last great pan-Indian alliance against the United States. Until the Americans killed Tecumseh in 1813, he and his brother Tenskwatawa were the co-architects of the broadest pan-Indian

confederation in United States history. In previous accounts of Tecumseh's life, Tenskwatawa has been dismissed as a talentless charlatan and a drunk. But award-winning historian Peter Cozzens now shows us that while Tecumseh was a brilliant diplomat and war leader--admired by the same white Americans he opposed--it was Tenskwatawa, called the Shawnee Prophet, who created a vital doctrine of religious and cultural revitalization that unified the disparate tribes of the Old Northwest. Detailed research of Native American society and customs provides a window into a world often erased from history books and reveals how both men came to power in different but no less important ways. Cozzens brings us to the forefront of the chaos and violence that characterized the young American Republic, when settlers spilled across the Appalachians to bloody effect in their haste to exploit lands won from the British in the War of Independence, disregarding their rightful Indian owners. Tecumseh and the Prophet presents the untold story of the Shawnee brothers who retaliated against this threat--the two most significant siblings in Native American history, who, Cozzens helps us understand, should be writ large in the annals of America.

The Verb in Contemporary English Bas Aarts, Charles F. Meyer, 1995-05-04 This collection of essays sheds new light on the verb in English. The authors illustrate that verbs can only be properly understood if studied from both a theoretical and descriptive perspective. In Part One, the authors explore topics such as the terminological problems of classification, verb complementation, the semantics and pragmatics of verbs and verbal combinations, and the notions of tense, aspect, voice and modality. In Part Two, computer corpora are used to study various types of verb complements and collocations, to trace the development in English of certain verb forms, and to detail the usage of verbs in different varieties and genres of English.
