Make Him Look Good Alisa Valdes-Rodriguez, 2007-02-20 The him in *Make Him Look Good* is Ricky Biscayne, sexy Latin singing sensation who has taken the pop world by storm. But it takes more than swiveling hips and dreamy eyes to get to the top of the charts. The women who orbit Ricky are: -- Milan, Ricky's new publicist, and her sister Geneva whose Club G promises to have Miami's hottest opening ever -- Jill Sanchez, a media-maniac Latina star who has crossed over from CDs to perfume, clothes and movies -- Jasminka, Ricky's gorgeous Croatian model wife -- Irene, a firefighter whose high school romance with Ricky was the last love in her life, eking out an existence for herself and her daughter Sophia, who is beginning to suspect that she and Ricky Biscayne look a little too much alike With several satisfying romances set against Miami's music, club and modeling scenes, *Make Him Look Good* is irresistible fiction from one of America's most original voices.

The Process Genre Salomé Aguilera Skvirsky, 2020-03-20 From IKEA assembly guides and “hands and pans” cooking videos on social media to Mister Rogers's classic factory tours, representations of the step-by-step fabrication of objects and food are ubiquitous in popular media. In *The Process Genre* Salomé Aguilera Skvirsky introduces and theorizes the process genre—a heretofore unacknowledged and untheorized transmedial genre characterized by its representation of chronologically ordered steps in which some form of labor results in a finished product. Originating in the fifteenth century with machine drawings, and now including everything from cookbooks to instructional videos and art cinema, the process

genre achieves its most powerful affective and ideological results in film. By visualizing technique and absorbing viewers into the actions of social actors and machines, industrial, educational, ethnographic, and other process films stake out diverse ideological positions on the meaning of labor and on a society's level of technological development. In systematically theorizing a genre familiar to anyone with access to a screen, Skvirsky opens up new possibilities for film theory.

Jameela Green Ruins Everything Zarqa Nawaz,2022-03-08 For fans of My Sister, the Serial Killer; Where'd You Go, Bernadette; and the award-winning TV show Killing Eve, a hilarious satire about a disillusioned American Muslim woman who becomes embroiled in a plot to infiltrate an international terrorist organization and, in the process, reconnects with her loved ones and her faith, from Zarqa Nawaz, the creator of the hit CBC series Little Mosque on the Prairie. Jameela Green has only one wish. To see her memoir on The New York Times bestseller list. When her dream doesn't come true, she seeks spiritual guidance at her local mosque. New imam and recent immigrant Ibrahim Sultan is appalled by Jameela's shallowness, but agrees to assist her on one condition: that she perform a good deed. Jameela reluctantly accepts his terms, kicking off a chain of absurd and unfortunate events. The homeless man they try to help gets recruited by a terrorist group, causing federal authorities to become suspicious of Ibrahim, and suddenly the imam mysteriously disappears. Certain that the CIA have captured Ibrahim for interrogation via torture, Jameela decides to set off on a one-woman operation to rescue him. Her quixotic quest soon finds her entangled in an international plan targeting the egomaniacal leader of the terrorist organization—a scheme that puts Jameela, and countless others, including her hapless husband and clever but disapproving daughter, at risk. A hilarious black comedy about the price of success, and a biting look at what has gone wrong with American foreign policy in the Middle East, Jameela Green Ruins Everything is a compulsively readable, yet unexpectedly touching story of one woman's search for meaning and connection.

When Species Meet Donna J. Haraway,2013-11-30 In 2006, about 69 million U.S. households had pets, giving homes to around 73.9 million dogs, 90.5 million cats, and 16.6 million birds, and spending more than 38 billion dollars on companion animals. As never before in history, our pets are truly members of the family. But the notion of “companion species”—knotted from human beings, animals and other organisms, landscapes, and technologies—includes much more than “companion animals.” In *When Species Meet*, Donna J. Haraway digs into this larger phenomenon to contemplate the interactions of humans with many kinds of critters, especially with those called domestic. At the heart of the book are her experiences in agility training with her dogs Cayenne and Roland, but Haraway’s vision here also encompasses wolves, chickens, cats, baboons, sheep, microorganisms, and whales wearing video cameras. From designer pets to lab animals to trained therapy dogs, she deftly explores philosophical, cultural, and biological aspects of animal-human encounters. In this deeply personal yet intellectually groundbreaking work, Haraway develops the idea of companion species, those who meet and break bread together but not without some indigestion. “A great deal is at stake in such meetings,” she writes, “and outcomes are not guaranteed. There is no assured happy or unhappy ending-socially, ecologically, or scientifically. There is only the chance for getting on together with some grace.” Ultimately, she finds that respect, curiosity, and knowledge spring from animal-human associations and work powerfully against ideas about human exceptionalism.

Food52 Big Little Recipes Emma Laperruque,2021-11-09 Fewer ingredients, big-time flavors—that’s the magic of Big Little Recipes. Inspired by Food52’s award-winning column, this clever cookbook features 60 new recipes that’ll deliver wow-worthy results in five, four, three . . . or, yep, even two ingredients. NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY THE WASHINGTON POST Put down the long grocery lists. Food52’s Big Little Recipes is minimalism at its best. From pasta sauce you’ll want by the gallon to chewy-dreamy oatmeal cookies, this cookbook is packed with crowd pleasers and smart techniques—showing just how much you can accomplish with essentials you can count on one hand. Can long-winded classics, like chili or eggplant Parmesan, work for busy weeknights? Why, yes. Will chicken noodle soup taste even more

chicken noodle-y with just three ingredients? Absolutely. Does subbing in olive oil for butter in lemon bars really make a difference? You bet. With Emma Laperruque by your side, you'll learn how to make every step count and flavor sing. (She'll even prove that water—yes, water—can be invaluable in everything from ultra-tender meatloaf to veggie burgers.) There's no shortage of extras, too. You'll find tons of need-to-know tips, mini-recipe spreads, and choose-your-own-adventure charts to give meal-planning a burst of energy: A fervent case for simpler homemade stock, a loving ode to canned tuna, a very good reason to always have bananas in your freezer, and more. This'll be your new sidekick for every meal—fresh-as-heck salads, brothy comfort foods, brawny meats, briny fishes, and hearty vegetables that'll take center stage. Big Little Recipes shows busy home cooks how to turn less into more.

Rewild Or Die Urban Scout,2016-09-01 Rewild or Die is a collection of essays written by Urban Scout exploring the philosophy of the emerging rewilding renaissance, in which civilized humans are thought to be domesticated through

thousands of years of sedentary, agrarian life. This way of life is believed to be the root of all environmental destruction and social injustice. Rewilding is the process of un-doing this domestication, and restoring healthy, biologically diverse communities. Using thoughtful, humorously cynical and at times angry prose, Urban Scout explores how the ideology of civilization clashes with the wild and wild peoples, and how thinking, feeling and most importantly living wild is the only way to reach true sustainability.

Shelves, Cabinets and Bookcases Editors of Fine Woodworking, 2008 This collection of 16 projects, in a wide array of styles, with enough variety to suit any taste and skill level, delivers expert advice for designing and building bookcases and shelving. For avid woodworkers (who spend more than \$2-billion annually on their craft), these projects from America's leading woodworking magazine offer inspiration and authoritative advice on design and construction.
